12. Construction work will begin on or before Commenced

13. Construction work will be completed on or before Completed

14. The water will be completely applied to the proposed use on or before _____

Dallas G. Durmire
(Signature of applicant)

Remarks: Pipeline to be movable

A tract of land located in Hiram Straight Claim No. 42 in T 2 S R 2 E being a portion of the tract of land described in that certain conveyance from Ellen E. Barnett to Blanche B. Pope and recorded March 18, 1922 in Book 166 on page 439, "Records of Deeds for Clackamas County, Oregon", the tract herein conveyed being more particularly described as follows, to wit:

Beginning at the SW corner of said Pope tract marked by a steel axle; thence following the W boundary of said Pope tract N7° 16' E (original deed calls for N6° 30' E) 299.74 feet to the original buggy thimble mentioned in said Pope description and set in the W boundary of the same, thence continuing N17° 16' E 47.52 feet to the left bank of the Clackamas River, N76° 43' E (original deed calls for 76° 38' E) 106.78 feet; thence, parallel with the W boundary of said Pope tract S7° 16' W 84.10 feet to a 3/4 inch iron pipe; thence, continuing S7° 16' W 299.74 feet to an iron pipe in the S boundary of said Pope tract; thence, following the last mentioned boundary N83° 15' 30" W (original deed calls for N83° 30' W) 100.00 feet to the place of beginning of the tract herein described containing 0.839 acres more or less.

STATE OF OREGON }
County of Marion, } ss.

This is to certify that I have examined the foregoing application, together with the accompanying maps and data, and return the same for _____

In order to retain its priority, this application must be returned to the State Engineer, with corrections on or before _____, 19____.

WITNESS my hand this _____ day of _____, 19____.

STATE OF OREGON

Department of Geology

I, State Engineer, do hereby grant the foregoing application and do hereby grant the same, SUBJECT TO EXISTING RIGHTS and the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial use and shall not exceed 0.011 cubic feet per second measured at the point of diversion from the stream, or its equivalent in case of rotation with other water users, from Clackamas River

The use to which this water is to be applied is Irrigation

If for irrigation, this appropriation shall be limited to 1/80 of one cubic foot per second or its equivalent for each acre irrigated and shall be further limited to a diversion of not to exceed 2 1/2 acre feet per acre for each acre irrigated during the irrigation season of each year.

and shall be subject to such reasonable rotation system as may be ordered by the proper state officer.

The priority date of this permit is October 7, 1953

Actual construction work shall begin on or before March 12, 1955 and shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1955.

Complete application of the water to the proposed use shall be made on or before October 1, 1956.

WITNESS my hand this 12th day of March, 1954.

Chas. E. Stricklin
