12. Construction work will begin on or before July 20, 1953 _____

13. Construction work will be completed on or before October 1, 1953 _____

14. The water will be completely applied to the proposed use on or before July 20, 1954 _____

Tehan M. Dinikian
(Signature of applicant)

Remarks: _____

This application is for a permit to appropriate water run-off and spring flow stored by a dam. Called Dinikian's Reservoir No. 1. To be used for irrigation. This spring originates on our property and does not leave our property during summer months.

This dam backs run-off and springflow of an unnamed tributary of Rock Creek. The dam and pond is to the south side of the main channel. Water entering and leaving pond from diversion point shown on map.

This stream is an unnamed tributary of Rock Creek and does not flow the year around but run-off water from excessive irrigation upstream flows spasmodically during the summer months. We would like to divert this run-off into our pond or reservoir.

STATE OF OREGON }
County of Marion, } ss.

This is to certify that I have examined the foregoing application, together with the accompanying maps and data, and return the same for _____

In order to retain its priority, this application must be returned to the State Engineer, with corrections on or before _____, 19_____.

WITNESS my hand this _____ day of _____, 19_____.

PERMIT

STATE OF OREGON,

County of Marion,

This is to certify that I have examined the foregoing application and do hereby grant the same, SUBJECT TO EXISTING RIGHTS and the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial use and shall not exceed 0.013 cubic feet per second measured at the point of diversion from the stream, or its equivalent in case of rotation with other water users, from unnamed stream and Dinihanian Reservoir No. 1 to be constructed under Application No. R-28061, Permit No. R-1590

The use to which this water is to be applied is irrigation

If for irrigation, this appropriation shall be limited to 1/80 of one cubic foot per second or its equivalent for each acre irrigated from direct flow and shall be further limited to a diversion of not to exceed 2 1/2 acre feet per acre for each acre irrigated during the irrigation season of each year from direct flow and storage from reservoir to be constructed under Permit No. R-1590, and shall be still further limited to a diversion of not to exceed 0.013 c.f.s.,

and shall be subject to such reasonable rotation system as may be ordered by the proper state officer.

The priority date of this permit is July 28, 1953

Actual construction work shall begin on or before April 30, 1955 and shall thereafter be prosecuted with reasonable diligence and be completed or or before October 1, 1956

Complete application of the water to the proposed use shall be made on or before October 1, 1957

WITNESS my hand this 30th day of April 1954
