

State of Oregon

James H. Carey
Bridge
Lincoln, do hereby make application for a permit to appropriate the following surface public waters of the State of Oregon, SUBJECT TO EXISTING RIGHTS:

If the applicant is a corporation, give date and place of incorporation

1. The source of the proposed appropriation is Unnamed Stream
and Reservoirs, a tributary of Salmon River

2. The amount of water which the applicant intends to apply to beneficial use is 40
cubic feet per second.

3. The use to which the water is to be applied is Irrigation and fish pond
(Irrigation, power, mining, manufacturing, domestic supplies, etc.)

4. The point of diversion is located 190 ft. N and 650 ft. W from the SE
corner of NW 1/4 NE 1/4 Section 35
"2 280' N. & 769' W. from the SE corner of NW 1/4 NE 1/4 of Section 35
"3 290' N. & 903' W.

being within the NW 1/4 NE 1/4 of Sec. 35, Tp. 35
R. 16 W., W. M., in the county of Lincoln

5. The main ditch to be 6 miles or feet
in length, terminating in the main ditch of Sec. 35, Tp. 35
R. 16 W., W. M., the proposed location being shown throughout on the accompanying map.

DESCRIPTION OF WORKS

Diversion Works—

6. (a) Height of dam 7 ft. feet, length on top 54 feet, length at bottom 54 feet; material to be used and character of construction loose rock, concrete, masonry
rock and brush, timber crib, etc., wasteway over or around dam)

(b) Description of headgate 2 ft.
(Timber, concrete, etc., number and size of openings)

(c) If water is to be pumped give general description 1" pump, centrifugal
3 H.P. electric motor 2 ft.
(Size and type of engine or motor to be used, total head water is to be lifted, etc.)

.....feet; width on bottom

.....feet; gradefeet fall per one

(b)miles from headgate: width on top (at water line)feet; width on bottomfeet; depth of waterfeet;

gradefeet fall per one thousand feet.

(c) Length of pipe,ft.; size at intake,in.; size atft.
from intakein.; size at place of usein.; difference in elevation between

intake and place of use,ft. Is grade uniform? Estimated capacity,
.....sec. ft.

8. Location of area to be irrigated, or place of use

Township North or South	Range E. or W. of Willamette Meridian	Section	Party-acre Tract	Number Acres To Be Irrigated
6 S	10 W	35	NW 1/4 & NE 1/4	3 ac & Fish Culture

Beginning at a point in the Easterly margin of the Salmon River Cutoff Highway #18 said point being more particularly described as North 34°15' East 136 feet distant from the intersection of the line between the Northwest quarter of the Northeast quarter and the Southwest quarter of the Northeast quarter of Section 35, Township 6 South, Range 10 West of the Willamette Meridian, in Lincoln County, with the Easterly margin of the above mentioned Highway; thence North 34°15' East 483 feet along margin of Highway #18, to a point marked by iron pipe in ground; thence South 54°45' East 891 feet to intersection of above described line and marked by iron pipe in ground; thence North 89°52' West 839 feet along said line to corner of Jackson parcel of land; thence North 54°45' West 127 feet along the Northerly boundary line of the said Jackson land to the place of beginning; excepting that part of the Northwest quarter of the Northeast quarter of Section 35 in Township 6 South, Range 10 West of the Willamette Meridian, described as follows:

Beginning at a point where the South line of the Northwest quarter of the Northeast quarter of said Section 35 intersects the Easterly right of way line of the Salmon River Cutoff Highway No. 18; thence North 34°15' East along said right of

(a) Character of soil (Continued under remarks.)

(b) Kind of crops raised

Power or Mining Purposes—

9. (a) Total amount of power to be developed theoretical horsepower.

(b) Quantity of water to be used for power sec. ft.

(c) Total fall to be utilized feet.
(Head)

(d) The nature of the works by means of which the power is to be developed

(e) Such works to be located in of Sec.
(Legal subdivision)

Tp., R., W. M.
(No N or S) (No E or W)

(f) Is water to be returned to any stream?
(Yes or No)

(g) If so, name stream and locate point of return

....., Sec., Tp., R., W. M.
(No N or S) (No E or W)

(h) The use to which power is to be applied is

(i) The nature of the mines to be served

13. The water to be used for domestic purposes to be supplied _____

14. The water to be used for _____

15. The water to be used for _____

16. The water to be used for _____

17. Construction work will be completed on or before July 1 - 1956

18. The water will be completely applied to the proposed use on or before _____

James W. Corey
(Signature of applicant)

Remarks: This property has just been purchased from Marie Putman. The description as her water for domestic supply from the same stream. We plan to develop two separate small ponds on the property. The upper pond has a natural dam formed by a rock and all we have to do is in a head gate at the ~~the~~ tail. The stream enters the property and goes the ~~the~~ into the River.

We intend to use water for sprinkling purpose.

way line 136 feet to the most Northerly corner of the Harless tract described in deed recorded in Book 98 at page 179, Deed Records of Lincoln County, which point is the true point of beginning of the tract herein described; thence North $34^{\circ}15'$ 197 feet along said right of way line; thence South $54^{\circ}45'$ East 197.6 feet; thence South $46^{\circ}24'$ West 192.6 feet to the Northeasterly line of aforementioned Harless tract; thence North $54^{\circ}55'$ West along said Harless tract line 157.8 feet to the true point of beginning,

STATE OF OREGON, }
County of Marion, } ss.

This is to certify that I have examined the foregoing application, together with the accompanying maps and data, and return the same for completion.

In order to retain its priority, this application must be returned to the State Engineer, with corrections on or before September 24, 1953.

WITNESS my hand and seal this 24 day of July, 1953.

CHAS. E. STRICKLIN

and do hereby grant the same, subject to the following limitations and conditions:

The water is to be applied to the amount of water which can be applied to beneficial use not to exceed 0.038 cubic feet per second measured at the point of diversion from the stream, or its equivalent in case of rotation with other water users, from an unnamed stream and reservoir to be constructed under Application No. R-28793, Permit No. R-1601.

The use to which this water is to be applied is irrigation and fish pond, being 0.038 c.f.s for irrigation and 0.012 c.f.s. for fish pond.

If for irrigation, this appropriation shall be limited to 1/80 of one cubic foot per second or its equivalent for each acre irrigated from direct flow and shall be further limited to a diversion of not to exceed 2 1/2 acre feet per acre for each acre irrigated during the irrigation season of each year from direct flow and storage from reservoir to be constructed under Permit No. R-1601.

and shall be subject to such reasonable rotation system as may be ordered by the proper state officer.

The priority date of this permit is June 19, 1953

Actual construction work shall begin on or before May 28, 1955 and shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1956.

Complete application of the water to the proposed use shall be made on or before October 1, 1957.

WITNESS my hand this 28th day of May, 19 54.
