- 12. Construction work will begin on or before SEPTEMBER 1954
- 13. Construction work will be completed on or before APRIL 1955
- 14. The water will be completely applied to the proposed use on or before JUNE 1956

Fuff Dubame
(Signature of applicant)
Bessie Dubame

Remarks: The levees shown on the map irrigate this land
without any ditches as the channel across the southwest of section
22 spreads out and is not very prominent and running a level
leads into the channel to a point 1200 feet west from the center
of section 22 and continues in a southeasterly direction into
the southeast of the southeast of section 22 where a series of
levees irrigate the full area of the southeast of section 22
the land having very little fall from where the channel enters
the southwest quarter about 920 feet from the southwest cor of sec.

STATE OF OREGON }
County of Marion, } ss.

This is to certify that I have examined the foregoing application, together with the accompany-
ing maps and data, and return the same for _____

In order to retain its priority, this application must be returned to the State Engineer, with cor-
rections on or before _____, 19_____

WITNESS my hand this _____ day of _____, 19_____

STATE ENGINEER

PERMIT

STATE OF OREGON, }
County of Marion, } ss.

This is to certify that I have examined the foregoing application and do hereby grant the same, SUBJECT TO EXISTING RIGHTS and the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial use and shall not exceed 1.975 cubic feet per second measured at the point of diversion from the stream, or its equivalent in case of rotation with other water users, from Polson Creek Slough

The use to which this water is to be applied is irrigation

If for irrigation, this appropriation shall be limited to 1/80 of one cubic foot per second or its equivalent for each acre irrigated and shall be further limited to a diversion of not to exceed 2 1/2 acre feet per acre for each acre irrigated during the irrigation season of each year,

and shall be subject to such reasonable rotation system as may be ordered by the proper state officer.

The priority date of this permit is August 9, 1954

Actual construction work shall begin on or before December 20, 1955 and shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1956.

Complete application of the water to the proposed use shall be made on or before October 1, 1957.

WITNESS my hand this 20th day of December, 1954
