(Head)

(c) The nature of the works by means of which the power is to be developed.....

(d) Such works to be located in.....of Sec.....
(Legal subdivision)

Tp....., R....., W. M.
(No. N. or S.) (No. E. or W.)

(e) Is water to be returned to any stream?.....
(Yes or No)

(f) If so, name stream and locate point of return.....

....., Sec....., Tp....., R....., W. M.
(No. N. or S.) (No. E. or W.)

(g) The use to which power is to be applied is.....

(h) The nature of the mines to be served.....

MUNICIPAL SUPPLY—

11. To supply the city of _____

(Name of) County, having a present population of _____, and an
estimated population of _____ in 191....

(Answer questions 12, 13, 14, and 15 in all cases)

- 12. Estimated cost of proposed works, \$ 50.00
- 13. Construction work will begin on or before One year
- 14. Construction work will be completed on or before Two years
- 15. The water will be completely applied to the proposed use on or before 3 years.

Duplicate maps of the proposed ditch or other works, prepared in accordance with the rules of the State Water Board, accompany this application.

M Dell Murphy
(Name of applicant)

Signed in the presence of us as witnesses:

- (1) Mary Belle Kinsey, Antelope
(Name) (Address of witness)
- (2) F H McGreer
(Name) (Address of witness)

Remarks: Applicant's predecessor in interest made a dam, & dug about 150 yds. of ditch in the year 1900. Now dam is washed out & ditch filled up. Water is to be taken out on applicant's own (estate) land, & will run down a natural gully across a Government forty. Applicant's object is to establish a right to the water of the creek, to avoid any future possible objection. No land above point of diversion susceptible of irrigation, except possibly very small patches.

STATE OF OREGON, }
County of Marion } ss.

This is to certify that I have examined the foregoing application and do hereby grant the same, subject to the following limitations and conditions: If for irrigation, this appropriation shall be limited to one-eightieth of one cubic foot per second, or its equivalent, for each acre irrigated, and shall be subject to such reasonable rotation system as may be ordered by the proper State officer.

The amount of water appropriated shall be limited to the amount which can be applied to beneficial use and not to exceed 0.25 cubic feet per second, or its equivalent in case of rotation. The priority date of this permit is November 4, 1914

Actual construction work shall begin on or before April 1, 1916 and shall thereafter be prosecuted with reasonable diligence and be completed on or before June 1, 1917

Complete application of the water to the proposed use shall be made on or before October 1, 1918

WITNESS my hand this 1st day of April, 1915

John H Lewis

State Engineer.
