In order to retain its priority, this application must be returned to the State Engineer, with corrections on or before , 19.....

WITNESS my hand this day of , 19.....

STATE ENGINEER

PERMIT

STATE OF OREGON,

County of Marion.

This is to certify that I have examined the foregoing application and do hereby grant the same
SUBJECT TO EXISTING RIGHTS and the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial use
and shall not exceed 0.707 cubic feet per second measured at the point of diversion from the
stream, or its equivalent in case of rotation with other water users, from Cappert Creek.

The use to which this water is to be applied is irrigation, domestic and stock; being
0.677 c.f.s. for irrigation, 0.02 c.f.s. for domestic and 0.01 c.f.s. for stock.

If for irrigation, this appropriation shall be limited to 1/80 of one cubic foot per
second or its equivalent for each acre irrigated ... and shall be further limited to a diversion of
not to exceed 4 $\frac{1}{2}$ acre feet per acre for each acre irrigated during the irrigation
season of each year,

and shall be subject to such reasonable rotation system as may be ordered by the proper state officer.

The priority date of this permit is

September 12, 1955

Action on construction work shall begin on or before

November 21, 1956

Construction to be prosecuted with reasonable diligence and to be completed on or before **December 1, 1956**

Completion of application of the water to the proposed use shall be made on or before **December 1, 1956**

At the place and on the day of 21st day of

November

1955
