LEWIS A. STANLEY

STATE ENGINEER

21003

STATE OF OREGON. County of Marion.

This is to certify that I have examined the foregoing application and do hereby grant the same, SUBJECT TO EXISTING RIGHTS and the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial use and shall not exceed 1.0 cubic feet per second measured at the point of diversion from the stream, or its equivalent in case of rotation with other water users, from Windy Creek.

The use to which this water is to be applied is maintenance of log pond to be constructed under Application No. R-24333, Permit No. R-1931.

If for irrigation, this appropriation shall be limited to of one cubic foot per second and shall be subject to such reasonable rotation system as may be ordered by the proper state officer. The priority date of this permit is. June 30, 1949 April 20, 1957 Actual construction work shall begin on or before. . and shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1959 Complete application of the water to the proposed use shall be made on or before October 1, 1259 20th WITNESS my hand this April day of

Permits for power development are subject to the payment of annual form as provided in sections 1 and 2, chapter 74, Origin Laws 1932.
