In order to retain its priority, this application must be returned to the State Engineer _____ on or before _____ 1953

WITNESS my hand this _____ day of _____ 1953

PERMIT

STATE OF OREGON.

County of Marion,

This is to certify that I have examined the foregoing application and do hereby grant the same SUBJECT TO EXISTING RIGHTS and the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to being used and shall not exceed 0.01 cubic feet per second measured at the point of diversion from the stream, or its equivalent in case of rotation with other water users, from Tualatin River.

The use to which this water is to be applied is Irrigation

If for irrigation, this appropriation shall be limited to 1/80 second or its equivalent for each acre irrigated and shall be further limited to a diversion of not to exceed 2 1/2 acre feet per acre for each acre irrigated during the irrigation season of each year.

and shall be subject to such reasonable rotation system as may be established by the State Engineer.

The priority date of this permit is May 8, 1946

Actual construction work shall begin on or before June 11, 1946 and thereafter be prosecuted with reasonable diligence and be completed on or before August 1, 1946.

Complete application of the water to the proposed use shall be made on or before August 1, 1946.

WITNESS my hand this 25th day of June 1946

John J. ...

Permits for public development are subject to the provisions of the Public Development Act, Chapter 350, Oregon Laws 1945.
