State of Oregon, do hereby make application for a permit to appropriate the following described public waters of the State of Oregon, subject to existing rights:

If the applicant is a corporation, give date and place of incorporation Individual

1. The source of the proposed appropriation is Sulphur Springs (Ditch 2 Creek)

(Name of stream)

Neil Creek (Bear Ck.)

tributary of _____

2. The amount of water which the applicant intends to apply to beneficial use is $\frac{1}{2}$

cubic feet per second. or all the flow of springs.

3. The use to which the water is to be applied is Irrigation

(Irrigation, power, mining, manufacturing,

domestic supplies, etc.)

4. The point of diversion is located Four Ck. N. of spring as per enclosed map.

(Give distance and bearing to section corner)

the course of spring water has always been north from source, to its junction with Neil Creek, or 10 acres wide

being within the SE $\frac{1}{4}$ of NW $\frac{1}{4}$ of Sec. 13, Tp. 39 S

(Give smallest legal subdivision)

(No. N. or S.)

R. 1 E, W. M., in the county of Jackson

(No. E. or W.)

as necessary for irrigation on 40 acres of land

5. The main ditch in ditches to be $\frac{1}{2}$ miles in

(Main ditch, canal or pipe line)

length, terminating in the SE $\frac{1}{4}$ of NW $\frac{1}{4}$ of Sec. 13, Tp. 39 S, R. 1 E

(Smallest legal subdivision)

(No. N. or S.)

(No. E. or W.)

W. M., the proposed location being shown throughout on the accompanying map.

6. The name of the ditch, canal or other works is

Homes' Sulphur Ditch

DESCRIPTION OF WORKS.

DIVERSION WORKS—

7. (a) Height of dam 5 to 14 feet, length on top 100 feet, length at bottom

90 feet; material to be used and character of construction Loose rock & dirt,

(Loose rock, concrete,

Small concrete work at head of pipes under dam, wasteway around dam
masonry, rock and brush, timber crib, etc., wasteway over or around dam)

(b) Description of headgate Concrete headgate, two 4-inch pipes with a

(Timber, concrete, etc., number and size of openings)

4-inch screw faucet for shutting off.

*A different form of application is provided where an appropriation is to be made by the enlargement of existing works, or where storage works are contemplated. These forms can be secured without charge, together with instructions, by addressing the State Engineer, Salem, Oregon.

CANAL SYSTEM—

8. (a) Give dimensions at each point of canal where materially changed in size, stating miles from headgate. At headgate: Width on top (at water line) 1 ft. 4 in. inches feet; width on bottom one foot feet; depth of water two to three feet; grade 12 feet fall per one thousand feet.

(b) At 1/4 miles from headgate. Width on top (at water line) 16 inches feet; width on bottom 1 foot feet; depth of water 3 inches feet; grade 12 feet fall per one thousand feet.

The canal is practically the same dimensions at each end since it is the winter water way as well as for irrigation season. Canal runs thru alfalfa fields, which are irrigated and thru no others.

FILL IN THE FOLLOWING INFORMATION WHERE THE WATER IS USED FOR:

IRRIGATION—

9. The land to be irrigated has a total area of 40 acres, located in each smallest legal subdivision, as follows:

20 acres in the SE 1/4 of the NW 1/4 of Sec. 13, and

(Give area of land in each smallest legal subdivision which you intend to irrigate)

20 acres in NE 1/4 of SW 1/4 of Sec. 13.

(If more space required, attach separate sheet)

POWER, MINING, MANUFACTURING, OR TRANSPORTATION PURPOSES—

10. (a) Total amount of power to be developed theoretical horsepower.

(b) Total fall to be utilized feet. (Head)

(c) The nature of the works by means of which the power is to be developed.

(d) Such works to be located in of Sec. (Legal subdivision)

Tp. (No. N. or S.), R. (No. E. or W.), W. M.

(e) Is water to be returned to any stream? (Yes or No)

(f) If so, name stream and locate point of return

, Sec. (No. N. or S.), Tp. (No. E. or W.), R. (No. E. or W.), W. M.

(g) The use to which power is to be applied is

(h) The nature of the mines to be served

MUNICIPAL SUPPLY—

11. To supply the city of.....
.....County, having a present population of....., and an
(Name of) estimated population of..... in 191.....

(Answer questions 12, 13, 14, and 15 in all cases)

- 12. Estimated cost of proposed works, \$ 300. since 1854
- 13. Construction work will begin on or before May 1, 1915, small ditches have been used /
- 14. Construction work will be completed on or before April 1, 1916
- 15. The water will be completely applied to the proposed use on or before Has been completely applied for 25 years, but the dam has been used only for 4 or 5 years.

Duplicate maps of the proposed ditch or other works, prepared in accordance with the rules of the State Water Board, accompany this application.

Myra W Homes
(Name of applicant)

Signed in the presence of us as witnesses:

- (1) W G Tucker Ashland, Oreg.
(Name) (Address of witness)
- (2) Susanne W Homes Ashland, Ore. R.F.D.
(Name) (Address of witness)

Remarks: These springs have been used on donation land claim No. 54 for irrigation for approximately 60 years, and by myself for 25 consecutive years. The waters have never been diverted from their course to junction with Bear Crk. by any one other than by me. We have diverted them each year thro ditches into adjacent fields thro irrigation season.
The above dam is around a natural basin in our field and is to hold the water in accumulation thus affording a larger flow for flooding the alfalfa fields.

STATE OF OREGON, }
County of Marion } ss.

This is to certify that I have examined the foregoing application, together with the accompanying maps and data, and return the same for correction or completion, as follows:.....

Ans. to Ques. 5 - 6 - 7 - 8 - 12 - 13 - 14 - 15 & signatures of applicant and witnesses.

In order to retain its priority, this application must be returned to the State Engineer, with corrections, on or before May 23, 1915

WITNESS my hand this 23d day of April, 1915

John H Lewis

This instrument was first received in the office of the State Engineer at Salem, Oregon, on the 10 day of April, 1915, at 8:30 o'clock A.M.

Returned to applicant for correction April 23, 1915

Corrected application received Apr. 27, 1915

Approved: May 10 1915

Recorded in Book No. 9 of Permits, on Page 2420

John H Lewis State Engineer.

McC 1 map \$9.00

STATE OF OREGON, County of Marion } ss.

This is to certify that I have examined the foregoing application and do hereby grant the same, subject to the following limitations and conditions: If for irrigation, this appropriation shall be limited to one-eightieth of one cubic foot per second, or its equivalent, for each acre irrigated, and shall be subject to such reasonable rotation system as may be ordered by the proper State officer.

The amount of water appropriated shall be limited to the amount which can be applied to beneficial use and not to exceed 0.5 cubic feet per second, or its equivalent in case of rotation. The priority date of this permit is April 10, 1915, 1915.

Actual construction work shall begin on or before May 10, 1916 and shall thereafter be prosecuted with reasonable diligence and be completed on or before June 1, 1917

Complete application of the water to the proposed use shall be made on or before October 1, 1918

WITNESS my hand this 10th day of May, 1915 John H Lewis State Engineer.

Permits for power development are subject to the limitation of franchise and the payment of annual fees as provided in Chapter 221, Session Laws of 1909.
