12. Construction work will begin on or before

13. Construction work will be completed on or before Completed

14. The water will be completely applied to the proposed use on or before Completed

Queen Cheate
(Signature of applicant)

Remarks: I purchased this property from S. E. Henderson (who owned it from May 29, 1940) who never watered it. It was not improved for all these years until Mr. Henderson came. He built a dam (pond) for water for trout and water was being out at 2 feet for 1000 feet of pond. I had had "squatters rights" for 10 years. I obtained title deed and did not need permit. They give me 2 sq. mi. of water for 2000 ft. There is no water in the pond. Only a small amount of water. I understand that this is not the State Engineer's jurisdiction. A separate problem for the State Engineer.

STATE OF OREGON, }
County of Marion. } ss.

This is to certify that I have examined the foregoing application, together with the maps and data, and return the same for

In order to retain its priority, this application must be returned to the State Engineer with applications on or before, 19
