DIVISION OF WATER RESOURCES
STATE OF OREGON

APPLICATION FOR PERMIT

To appropriate the Public Waters of the State of Oregon

I, Ben W. Content and Florence B. Content, husband and wife
(Name of applicant)
of P. O. Box 69, Grants Pass
(Mailing address)
State of Oregon, do hereby make application for a permit to appropriate the following described public waters of the State of Oregon, **SUBJECT TO EXISTING RIGHTS**

If the applicant is a corporation, give date and place of incorporation not a corporation

- The source of the proposed appropriation is Rogue River
(Name of stream)
a tributary of - - - - -
- The amount of water which the applicant intends to apply to beneficial use is 0.04
cubic feet per second.
(If water is to be used from more than one source, give quantity from each)
- The use to which the water is to be applied is irrigation
(Irrigation, power, mining, manufacturing, domestic, etc.)
- The point of diversion is located 1620 ft North and 1230 ft West from the S $\frac{1}{2}$
(N or S) (E or W)
corner of Section 14, Township 36 South, Range 6 West of Willamette
(Section or subdivision)
Meridian
(If preferable, give distance and bearing to section corner)
(If there is more than one point of diversion, each must be described. Use separate sheet if necessary)

being within the NE $\frac{1}{4}$ of the SW $\frac{1}{4}$ of Sec. 14 Twp. 36 South
(Give smallest legal subdivision)
R. 6 West, W. M., in the county of Josephine
(E or W)

5. The pipe line to be 100'
(Main ditch, canal or pipe line)
in length, terminating in the NE $\frac{1}{4}$ of the SW $\frac{1}{4}$ of Sec. 14 Twp. 36 S
(Smallest legal subdivision)
R. 6 W, W. M., the proposed location being shown throughout on the attached plan.
(E or W)

DESCRIPTION OF WORKS

Diversion Works--

6. (a) Height of dam none feet, length on top feet,
feet, material to be used and character of construction

rock and brush, timber crib, etc. wasteway over or around dam?

(b) Description of headgate XXXXXX Foot valve in gallon tin can
(Timber, concrete, etc. number and size of pipes, etc.)

(c) If water is to be pumped give full description 3/4 in. piston pump
(Size and type)

1/2 HP Electric motor, 25 ft. lift
(Size and type) (To be used total head water to be lifted)

*A different form of application is provided where storage works are contemplated
**Application for permits to appropriate water for the generation of electricity with the exception of hydroelectric power, shall be made to the Oregon Hydroelectric Commission. Either of the above forms may be secured, without cost, together with instructions for their use, from the State Engineer, Oregon.

Canal System or Pipe Line

7. (a) Give dimensions at each point of canal where materially change in cross section. At headgate: width on top (at water line) **none** feet; depth of water **none** feet; grade **none** feet per one thousand feet.

(b) At **0.04** miles from headgate: width on top (at water line) **3/4** feet; width on bottom **3/4** feet; depth of water **3/4** feet; grade **0.04** feet fall per one thousand feet.

(c) Length of pipe **100'** ft.; size at intake **3/4"** in.; size at place of use **3/4"** in.; intake and place of use **25'** ft. Is grade uniform? **Yes**

0.04 sec. ft with 15 lbs. pressure.

8. Location of area to be irrigated, or place of use

Township	Range & W. of Willamette Meridian	Section	Part of Section
36 South	6 West	14	NE 1/4 of the SW 1/4

Beginning at a point 1068 feet North and 1096 feet West of the Southeast corner of Government Lot 6, Section 14, Township 36 South, Range 6 West of the Willamette Meridian; thence run West 271 feet; thence run North to the South bank of Rogie River; Thence along Rogie River to a point due North of the point of beginning; thence South to the point of beginning, containing one acre, more or less, providing however, the grantors reserve an easement for roadway over a strip of land 20 feet in width across the South end of said premises, also the right of ingress and egress from the lands hereby conveyed to the South River Road over a strip of land 20 feet in width along the West line of the lands of the grantors in said Lot 6.

The SE corner of Government Lot 6 is identical with the South 1/4 corner of Section 14, Township 36 South, Range 6 West of the Willamette Meridian.

(a) Character of soil **River loam**

(b) Kind of crops raised **GRASS**

Power or Mining Purposes **None**

(c) Total amount of power to be developed **None**

(d) Quantity of water to be used for power **None**

(e) Total fall to be utilized **0.04**

(f) The nature of the works by means of which the power is to be developed **None**

(g) Such works to be located in **None**

Traverse **None**

Tp **36 S.** R. **6 W.** W. M. **14**

(h) Is water to be returned to any stream? **Yes**

(i) If so, name stream and locate point of return **None**

(j) The area to which power is to be applied is **None**

(k) The nature of the mines to be served **None**

10. (a) To supply the city of

..... County, having a present population of
(Name of) and an estimated population of in 19.....

(b) If for domestic use state number of families to be supplied

(Answer questions 11, 12, 13, and 14 in all cases)

- 11. Estimated cost of proposed works, \$ 150.00
- 12. Construction work will begin on or before June 5, 1957
- 13. Construction work will be completed on or before June 5, 1958
- 14. The water will be completely applied to the proposed use on or before June 5, 1959

(Signature of applicant)

George B. Conrad

Remarks: Many years ago this tract of land was designated as non-irrigable by ditches due to the soil being river sand. We have built it up considerable but it still cannot be irrigated by ditches. We will use overhead sprinklers.

It is within the boundaries of the Grants Pass Irrigation district but we have never paid any assessments and it is not bonded under their arrangement.

This tract of land is in the Southwest Quarter of Section 14, Township 36 South, Range 6 West of the Willamette Meridian, but the land to be irrigated is in the Northwest and Northeast Quarters of the Southwest Quarter, mostly in the Northeast Quarter of the Southwest Quarter.

The point of diversion is in the Northeast Quarter of the Southwest Quarter of Section 14, Township 36 South, Range 6 West of the Willamette Meridian, Josephine County, Oregon.

STATE OF OREGON, }
County of Marion, } ss.

This is to certify that I have examined the foregoing application, together with the accompanying maps and data, and return the same for completion

In order to retain its priority, this application must be returned to the State Engineer, with corrections on or before September 19 56
September 13 19 56

WITNESS my hand this 19th day of July 19 56
13th day of July 19 56

By *Chris D. Wheeler* STATE ENGINEER
Chris D. Wheeler, Assistant

PERMIT

STATE OF OREGON, }
County of Marion, } ss.

This is to certify that I have examined the foregoing application and do hereby grant the same, SUBJECT TO EXISTING RIGHTS and the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial use and shall not exceed 0.01 cubic feet per second measured at the point of diversion from the stream, or its equivalent in case of rotation with other water users, from Rogue River

The use to which this water is to be applied is irrigation

If for irrigation, this appropriation shall be limited to 1/80 of one cubic foot per second or its equivalent for each acre irrigated and shall be further limited to a diversion of not to exceed 4 1/2 acre feet per acre for each acre irrigated during the irrigation season of each year.

and shall be subject to such reasonable rotation system as may be ordered by the proper state officer.

The priority date of this permit is June 8, 1956

Actual construction work shall begin on or before August 24, 1957 and shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1958

Complete application of the water to the proposed use shall be made on or before October 1, 1959

WITNESS my hand this 24th day of August, 1956

Lewis A. Stanley
STATE ENGINEER
