

APPLICATION FOR PERMIT

To appropriate the Public Waters of the State of Oregon

I, Con Lynch and Mary Lynch, Husband and Wife
(Name of applicant)
of c/o Forrest E. Cooper, Attorney at Law, 420 1st St., No., Lakeview,
(State of Oregon) do hereby make application for a permit to appropriate the
following described public waters of the State of Oregon, SUBJECT TO EXISTING RIGHTS:

If the applicant is a corporation, give date and place of incorporation -----

1. The source of the proposed appropriation is Hart Lake and Honey Creek
(Name of stream)

2. The amount of water which the applicant intends to apply to beneficial use is 47.5
feet per second from Honey Creek.
cubic feet per second; 37.5 Cubic feet per second from Hart Lake and 10 cubic/
(If water is to be used from more than one source, give quantity from each)

**3. The use to which the water is to be applied is Irrigation
(Irrigation, power, mining, manufacturing, domestic supplies, etc.)

Hart Lake: N. 20°03' E. 1376.4 feet
4. The point of diversion is located ft. and ft. from the SE
corner of Section 15, T. 36 South, Range 24 East, W.M. being within NW 1/4 SW 1/4, Sec. 14
(Honey Creek: N. 9°54' E. 3358.7 ft. from the SW corner of Section 28, T. 36 South,
Range 24 E., W.M.)

(If preferable, give distance and bearing to section corner)
(If there is more than one point of diversion, each must be described. Use separate sheet if necessary.)
being within the SW 1/4 NW 1/4 of Sec. 28 T. 36 South
R. 24 East, W.M., in the county of Lake

5. The main ditch is to be approximately 9,250 feet
in length, terminating in Lot 1 of Sec. 13 T. 35 S.
R. 24 E., W.M. the proposed location being shown throughout on the accompanying map

DESCRIPTION OF WORKS

Diversion Works—

6. (a) Height of dam feet, length on top feet, length at bottom
feet; material to be used and character of construction

Continuation of existing ditch described in Permit No. 18,410 issued to
applicants. No dam will be constructed.

(b) Description of headgate Timber

(c) If water is to be pumped give general description Water will be pumped from Hart
Lake during years of short supply by use of same pump and pumping system
described in permit now pending in your office on final proof, proof having
been submitted in 1955.

*A different form of application is provided where storage works are contemplated
**Application for permits to appropriate water for the generation of electricity, with the exception of municipalities, must be made to the
Hydroelectric Commission. Either of the above forms may be secured, without cost, together with instructions by addressing the State Engineer, Salem,
Oregon.

Canal System or Pipe Line -

7. Canal will be extension of existing canal which is already covered by permit No. 18,410 and the same size.

thousand feet. feet fall per one

(b) At miles from headgate: width on top (at water line)

. feet; width on bottom feet; depth of water feet.

grade feet fall per one thousand feet.

(c) Length of pipe, ft.; size at intake, in.; size at ft.

from intake in.; size at place of use in.; difference in elevation between

intake and place of use, ft. Is grade uniform? Estimated capacity,

. sec. ft.

8. Location of area to be irrigated, or place of use

Township North or South	Range E. or W. of Willamette Meridian	Section	Forty-acre Tract	Number Acres To Be Irrigated

(If more space required attach separate sheet)

(a) Character of soil . . . Sandy loam

(b) Kind of crops raised . . . Wild and tame meadow hay

Power or Mining Purposes—

9. (a) Total amount of power to be developed . . . None theoretical horsepower

(b) Quantity of water to be used for power . . . None sec. ft.

(c) Total fall to be utilized feet.

(Head)

(d) The nature of the works by means of which the power is to be developed

(e) Such works to be located in of Sec.

(Legal subdivision)

Tp., R., W. M.

(No. N. or S.) (No. E. or W.)

(f) Is water to be returned to any stream? (Yes or No)

(g) If so, name stream and locate point of return

., Sec., Tp., R., W. M.

(No. N. or S.) (No. E. or W.)

(h) The use to which power is to be applied is

(i) The nature of the mines to be served None

12. Construction work will begin on or before August 1, 1956

13. Construction work will be completed on or before August 1, 1957

14. The water will be completely applied to the proposed use on or before July 1, 1957

Con Lynch and Mary Lynch, Husband and Wife,

/By: Forrest E. Cooper, Attorney at Law. Lakeview, Oregon

Remarks: The acreage applied for is usually subject to an annual overflow but was not included in the 1929 Adjudication of the relative rights to the waters of Warner Lakes and their tributaries. This acreage is usually watered by uncontrolled waters each spring. The purpose of the requested permit is to permit the applicants to control said spring run-off and apply it to the highest possible beneficial use upon said acreage. Applicants already have a supplemental certificate of water right to divert waters direct from Honey Creek as a supplemental supply for a portion of their lands awarded a primary right by the 1929 Warner Valley Adjudication and a certificate of water right to irrigate all of the lands of the applicant awarded a primary right through the 1929 Decree, by pumping water for the same from Hart Lake is now pending in your office final proof thereon having been made in the summer of 1955. It is the intention of the applicants to obtain water for the premises described in this application through the use of either the aforementioned Honey Creek diversion or Hart Lake diversion by the existing pumping permit in years when Hart Lake does not overflow and cover the acreage applied for.

STATE OF OREGON, } ss.
County of Marion,

This is to certify that I have examined the foregoing application, together with the accompanying maps and data, and return the same for

In order to retain its priority, this application must be returned to the State Engineer, with corrections on or before , 19

WITNESS my hand this day of 19

PERMIT

STATE OF OREGON, }
County of Marion, } ss.

This is to certify that I have examined the foregoing application and do hereby grant the same. SUBJECT TO EXISTING RIGHTS and the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial use and shall not exceed 47.5 cubic feet per second measured at the point of diversion from the stream, or its equivalent in case of rotation with other water users, from Hart Lake and Honey Creek, being 37.5 c.f.s. from Hart Lake and 10.0 c.f.s. from Honey Creek.

The use to which this water is to be applied is irrigation and supplemental irrigation

If for irrigation, this appropriation shall be limited to 1/40 of one cubic foot per second or its equivalent for each acre irrigated and shall be further limited to a diversion of not to exceed 3 acre feet per acre for each acre irrigated during the irrigation season of each year, and shall be still further limited to a diversion of not to exceed 47.5 c.f.s.; provided further that the amount of water allowed herein, together with the amount secured under any other right existing for the same lands shall not exceed the limitation allowed herein,

and shall be subject to such reasonable rotation system as may be ordered by the proper state officer

The priority date of this permit is May 14, 1956

Actual construction work shall begin on or before November 20, 1957 and shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1958

Complete application of the water to the proposed use shall be made on or before October 1, 1959

WITNESS my hand this 20th day of November, 1956

Lewis A. Manley
STATE ENGINEER

Application No. 30758

Permit No. 24437
