

## \*APPLICATION FOR PERMIT

## To Appropriate the Public Waters of the State of Oregon

I, Roy M. Smith
of Route 2, Ontario, Oregon
State of Oregon , do hereby make application for a permit to appropriate the
following described public waters of the State of Oregon, SUBJECT TO EXISTING RIGHTS:
If the applicant is a corporation, give date and place of incorporation
1. The source of the proposed appropriation is Snake River
2. The amount of water which the applicant intends to apply to beneficial use is 100 minors inches
cubic feet per second.
**3. The use to which the water is to be applied is Irrigation
(Irrigation, power, mining, manufacturing, domestic supplies, etc.
4. The point of diversion is located 25.5 ft. S 7° 251 E ft. from the Port. Witness
4. The point of diversion is located 25.5 ft. and ft. from the Sout. Witness corner of located North 0.7 chains from the meander corner comon to Sections 16 9 15 of
T. 17 S., R. 47 E.W.
(If preferable, give distance and bearing to section corner)
(If there is more than one point of diversion, each must be described. Use separate sheet if necessary)
being within the Lot 4 ) her hard of Sec. 15 . Tp. 17 S.  (Give smallest legal subdivision)
R. 47 E. , W. M., in the county of l'alheur
5. The lain (Main ditch, canal or pipe line) to be approx. 16301 feet
in length, terminating in the NW Corner of Lot 4 of Sec. 15
R. 47 E. W. M., the proposed location being shown throughout on the accompanying man
DESCRIPTION OF WORKS
Diversion Works—
6. (a) Height of dam feet, length on top feet, length at hottom
feet; material to be used and character of construction.
rock and brush, timber crib, etc., wasteway over or around dam)
(b) Description of headgate
(c) If water is to be pumped give general description 10 HP Parma Water Lifter ropoller type pump, aximum of 14 feet lift.
(Size and type of engine or motor to be used total head water is to be letter at

<sup>\*</sup>A different form of application is provided where storage works are contemplated

<sup>\*\*</sup>Application for permits to appropriate water for the generation of electricity with the exception of monopolities in at he made to the Hydroelectric Commission. Either of the above forms may be secured, without cost, together with in tructions by addressing the state Figure 1 have one.
