Dear Miss Ferguson:

We have of record a certificate of water right that was issued October 1, 1925 and recorded on Page 5492, State Record of Water Rights Certificates, which confirmed the right to the use of not to exceed 0.04 cubic-foot per second of water from Owl Creek for irrigation of three acres in the SE 1/4, Section 6, Township 12' South, Range 4 West, W.M.

The information submitted does not definitely identify the right as being on the property you described; however it appears that it may be.

Very truly yours,
