Remarks: Nothing herein contained is to be considered as a waiver of my claimed vested right with a priority of 1905.

~~The clerk of the local water resources board advises that no separate application is necessary for use of ground water from well at P-1 on map, for domestic use only.~~

It is assumed that a separate reservoir application is necessary (page 6 Rules & Regulations) as the existing reservoir, R on map, was constructed, and is used only to supply a head to the pipe line, and not for storage for future use.
