(Answer questions 11, 12, 13, and 14 in all cases)

- 11. Estimated cost of proposed works, \$ 250.00
- 12. Construction work will begin on or before _____
- 13. Construction work will be completed on or before _____
- 14. The water will be completely applied to the proposed use on or before _____

[Handwritten Signature]
(Signature of applicant)

Remarks:

I have been pumping water from the North Fork of the John Day River at this point for 4 years and it has been used here for probably 20 years before.

The above described pump is already being operation and am at present irrigating about 1 acre

STATE OF OREGON, }
County of Marion, } ss.

This is to certify that I have examined the foregoing application, together with the accompanying maps and data, and return the same for _____ correction

In order to retain its priority, this application must be returned to the State Engineer, with corrections on or before March 16, 19 59.

WITNESS my hand this 15th day of January, 19 59.

LEWIS A. STANLEY

STATE ENGINEER

By James W. Carver, Jr.

ASSISTANT

PERMIT

STATE OF OREGON,

County of Marion,

This is to certify that I have examined the foregoing application and do hereby grant the same. SUBJECT TO EXISTING RIGHTS and the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial use and shall not exceed 0.03 cubic feet per second measured at the point of diversion from the stream, or its equivalent in case of rotation with other water users, from North Fork of the John Day River

The use to which this water is to be applied is irrigation

If for irrigation, this appropriation shall be limited to 1/40 of one cubic foot per second or its equivalent for each acre irrigated and shall be further limited to a diversion of not to exceed 5 acre feet per acre for each acre irrigated during the irrigation season of each year.

and shall be subject to such reasonable rotation system as may be ordered by the proper state officer.

The priority date of this permit is January 8, 1959

Actual construction work shall begin on or before March 16, 1960 and shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1960.

Complete application of the water to the proposed use shall be made on or before October 1, 1961.

WITNESS my hand this 16th day of March 1959

STATE ENGINEER
