R. E. Wylie
(Signature of applicant)

Remarks: Legal description of property on which water is
to be applied is NE 1/4 NW 1/4 Sec. 9, T. 28 S; R. 7 W;
W.M; Douglas County, Oregon.

This little creek that heads about a 1/2 mile west of my place, it is the watershed off some steep hills, there is a lot of water comes down in the winter time, but dries up in June I figure on diverting it into a reservoir late in the spring after the heavy rains are over I will get about two months use out of it starting with a full reservoir in the spring I will have some water for irrigation

STATE OF OREGON, }
County of Marion, } ss.

This is to certify that I have examined the foregoing application, together with the accompanying maps and data, and return the same for amendment

In order to retain its priority, this application must be returned to the State Engineer, with corrections on or before September 28, 19 59

WITNESS my hand this 27th day of July, 19 59

LEWIS A. STANLEY

STATE ENGINEER

ASSISTANT

PERMIT

STATE OF OREGON, }
County of Marion, }

This is to certify that I have examined the foregoing application and do hereby grant the same, SUBJECT TO EXISTING RIGHTS and the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial use and shall not exceed 0.25 cubic feet per second measured at the point of diversion from the stream, or its equivalent in case of rotation with other water users, from Wylie Creek, spring and a reservoir to be constructed under application No. R-33202, permit No. R-2263 being 0.05 c.f.s. from spring and 0.20 c.f.s. from Wylie Creek.

The use to which this water is to be applied is irrigation

If for irrigation, this appropriation shall be limited to 1/80th of one cubic foot per second or its equivalent for each acre irrigated and shall be further limited to a diversion of not to exceed 2 1/2 acre feet per acre for each acre irrigated during the irrigation season of each year; provided further that the right to the use of water is limited to the period when the flow of water in the South Umpqua River is 60 c.f.s. or more at its mouth,

and shall be subject to such reasonable rotation system as may be ordered by the proper state officer.

The priority date of this permit is July 20, 1959

Actual construction work shall begin on or before September 22, 1960 and shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1961

Complete application of the water to the proposed use shall be made on or before October 1, 1962

WITNESS my hand this 22nd day of September 1959
