Remarks: With reference to items Nos. 11, 12, 13, and 14, I wish to state that adequate facilities, i.e., a small dam, sump, and a pipe line to the house, for the beneficial use of the indicated amount of water do and have existed for approximately twelve years. They had been installed and the water put to beneficial use by the immediately previous owners, Mr. and Mrs. Otto C. Koenig.

At the time I purchased from the named previous owners on the 26th of June, 1950, I did not realize that it was necessary to secure a permit to appropriate the indicated water when the flow was through my own property and the use was obviously beneficial and necessary. I now understand that the small spring and stream from which I take water for domestic use only, would very likely be considered public waters, so I herewith apply for permission to appropriate the water for the purposes stated herein.
