2. The amount of water which the applicant intends to apply to beneficial use is 5/10 ths cubic feet per second. Not applicable

\*\*3. The use to which the water is to be applied is Irrigation

4. The point of diversion is located 453 ft. South and 1240 ft. West from the 1/4 corner of lot 28827 T8N R10W

being within the NE 1/4 of SE 1/4 of Sec. 28, Tp. 8N, R. 10W, W. M., in the county of Clatsop

5. The 1/2 Pipe to be approx 600 ft in length, terminating in the NW 1/4 of SE 1/4 of Sec. 28, Tp. 8N, R. 10W, W. M., the proposed location being shown throughout on the accompanying map.

DESCRIPTION OF WORKS

Diversion Works—

6. (a) Height of dam feet, length on top feet, length at bottom feet; material to be used and character of construction

(b) Description of headgate

(c) If water is to be pumped give general description 2" by 5" H.P. Pacific "Built-To-Order" centrifugal Pump, 600 cu. ft. per min., electric, or equivalent pump, gasoline driven, if available through surplus property, 2" discharge, 60 p.s.i.; portable mounted on tide float.

\*Application for permits to appropriate water for the generation of electricity, with the exception of municipalities, must be made to the Hydroelectric Commission. Either of the above forms may be secured, without cost, together with instructions by addressing the State Engineer, Salem, Oregon.

Canal System or Pipe Line—

7. (a) Give dimensions at each point of canal where materially changed in size, stating miles from headgate. At headgate: width on top (at water line) ..... na ..... feet; width on bottom

na ..... feet; depth of water ..... na ..... feet; grade ..... na ..... feet fall per one thousand feet.

(b) At ..... na ..... miles from headgate: width on top (at water line) ..... na ..... feet; width on bottom ..... na ..... feet; depth of water ..... na ..... feet; grade ..... na ..... feet fall per one thousand feet.

(c) Length of pipe, approx 600 ft.; size at intake, na 1/2" in.; size at ..... na ..... ft. from intake ..... na ..... in.; size at place of use ..... na ..... in.; difference in elevation between intake and place of use, ..... na ..... ft. Is grade uniform? yes ..... ~~no~~ ..... Estimated capacity, ..... na ..... sec. ft.

8. Location of area to be irrigated, or place of use ..... warronton high school grounds

Township North or South	Range E. or W. of Williams Meridian	Section	Forty-acre Tract	Number Acres To Be Irrigated
8 N	10 W	28	NW 1/4 SE 1/4	6

(If more space required, attach separate sheet)

(a) Character of soil ..... sandy .....

(b) Kind of crops raised ..... grass for turf and lawn on high school property. .....

Power or Mining Purposes—

9. (a) Total amount of power to be developed ..... na ..... theoretical horsepower.

(b) Quantity of water to be used for power ..... na ..... sec. ft.

(c) Total fall to be utilized ..... na ..... feet.  
(Head)

(d) The nature of the works by means of which the power is to be developed ..... na .....  
..... na .....

(e) Such works to be located in ..... na ..... of Sec. ..... na .....  
(Legal subdivision)

Tp. ..... na ..... R. ..... na ..... W. M.  
(No. N. or S.) (No. E. or W.)

(f) Is water to be returned to any stream? ..... na .....  
(Yes or No)

(g) If so, name stream and locate point of return ..... na .....  
..... na ..... Sec. ..... na ..... Tp. ..... na ..... R. ..... na ..... W. M.  
(No. N. or S.) (No. E. or W.)

(h) The use to which power is to be applied is ..... na .....

(i) The nature of the mines to be served ..... na .....

10. (a) To supply the city of na

na County, having a present population of na

and an estimated population of na in 19 na

(b) If for domestic use state number of families to be supplied na

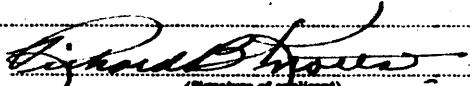

(Answer questions 11, 12, 13, and 14 in all cases)

11. Estimated cost of proposed works, \$ 950.00

12. Construction work will begin on or before 15 June, 1959

13. Construction work will be completed on or before 20 June 1959

14. The water will be completely applied to the proposed use on or before 20 June 1959

  
(Signature of applicant)  
Supt. Warrenton Public Schools

Remarks: During the summer months we want to pump enough water  
to keep the football field and school lawn from drying up. The  
point of diversion is located in tidewater, but saline content is  
not deemed too great. Sprinklers not contemplated at this  
time. Distribution to be accomplished via surplus fire  
hose which the district has on hand already.

STATE OF OREGON, }  
County of Marion, } ss.

This is to certify that I have examined the foregoing application, together with the accompanying maps and data, and return the same for

In order to retain its priority, this application must be returned to the State Engineer, with corrections on or before \_\_\_\_\_, 19\_\_\_\_\_

STATE ENGINEER

By \_\_\_\_\_ ASSISTANT

PERMIT

STATE OF OREGON, }  
County of Marion, } ss.

This is to certify that I have examined the foregoing application and do hereby grant the same, SUBJECT TO EXISTING RIGHTS and the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial use and shall not exceed 0.08 cubic feet per second measured at the point of diversion from the stream, or its equivalent in case of rotation with other water users, from Skipanon River

The use to which this water is to be applied is irrigation

If for irrigation, this appropriation shall be limited to 1/80th of one cubic foot per second or its equivalent for each acre irrigated and shall be further limited to a diversion of not to exceed 2 1/2 acre feet per acre for each acre irrigated during the irrigation season of each year.

and shall be subject to such reasonable rotation system as may be ordered by the proper state officer.

The priority date of this permit is December 15, 1959

Actual construction work shall begin on or before January 20, 1961 and shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1961

Complete application of the water to the proposed use shall be made on or before October 1, 1962

WITNESS my hand this 20th day of January, 1960
