14. The water will be completely applied to the proposed use on or before July 1, 1963

/s/ Gerald N. Patchan

(Signature of applicant)

District Ranger

Remarks: Unimproved spring in the Trout Farm Campground is presently the only source of water for domestic use in the area. It is planned to box the spring and install pipes to increase the availability of water in the campground. No water rights have yet been obtained for this spring, which actually emerges from base of small hill in a series of seeps. Springs numbered 1 and 2 in the above description appear to be the main points of diversion.

STATE OF OREGON, } ss.
County of Marion,

This is to certify that I have examined the foregoing application, together with the accompanying maps and data, and return the same for _____ completion _____

In order to retain its priority, this application must be returned to the State Engineer, with corrections on or before March 19, 1962.

WITNESS my hand this 18th day of January, 1962.

LEWIS A. STANLEY

STATE ENGINEER
