Permit No. 28170

STATE ENGINEER
SALEM, OREGON

APPLICATION FOR PERMIT

To appropriate the Public Waters of the State of Oregon

I, James L. Worth (Name of applicant)
of Mt. Vernon (Mailing address)
State of Oregon, do hereby make application for a permit to appropriate the following described public waters of the State of Oregon, SUBJECT TO EXISTING RIGHTS:

If the applicant is a corporation, give date and place of incorporation

1. The source of the proposed appropriation is spring (Name of stream)

John Day River, a tributary of

2. The amount of water which the applicant intends to apply to beneficial use is 1/8 cubic feet per second. (If water is to be used from more than one source, give quantity from each)

**3. The use to which the water is to be applied is stock water & supplemental irrigation (Irrigation, power, mining, manufacturing, domestic supplies, etc.)

4. The point of diversion is located 2150 ft. S. and 125 ft. E. from the N $\frac{1}{4}$ corner of Sec. 27 (this is the location of the spring.) (Section or subdivision)
The drainage from this spring is drained by two drain ditches, one on the East & one on the South of the SW $\frac{1}{4}$ and the water will be diverted from time to time, depending on use at a point 2150 ft. S. from the N $\frac{1}{4}$ corner of Sec. 27, at this point is a pond for stock watering purposes and for diverting from one drain to the other. (If preferable, give distance and bearing to section corner)
being within the SW $\frac{1}{4}$ of Sec. 27, Tp. 13S. (N. or S.)

R. 29 E., W. M., in the county of Grant (E. or W.)

5. The (See remarks) to be in length, terminating in the of Sec. Tp. (Main ditch, canal or pipe line) (Miles or feet) (Smallest legal subdivision) (N. or S.)

R. (E. or W.), W. M., the proposed location being shown throughout on the accompanying map.

DESCRIPTION OF WORKS

Diversion Works—

6. (a) Height of dam (see remarks) feet, length on top feet, length at bottom

feet; material to be used and character of construction (Loose rock, concrete, masonry, rock and brush, timber crib, etc., wasteway over or around dam)

(b) Description of headgate (Timber, concrete, etc., number and size of openings)

2 H. P. electric motor (Size and type of engine or motor to be used, total head water is to be lifted, etc.)

*A different form of application is provided where storage works are contemplated.

**Application for permits to appropriate water for the generation of electricity, with the exception of municipalities, must be made to the Hydroelectric Commission. Either of the above forms may be secured, without cost, together with instructions by addressing the State Engineer, Salem, Oregon.

10. (a) To supply the city of

..... County, having a present population of
(Name of) and an estimated population of in 19.....

(b) If for domestic use state number of families to be supplied

(Answer questions 11, 12, 13, and 14 in all cases)

- 11. Estimated cost of proposed works, \$ 2,000
- 12. Construction work will begin on or before Already completed
- 13. Construction work will be completed on or before Already completed
- 14. The water will be completely applied to the proposed use on or before Already being applied and has been since 1946.

James S. Worth
(Signature of applicant)

Remarks: The two drain ditches shown on the enclosed map are entirely on my land, and the drain ditch some 2700 feet long on the property above me were finished in 1946 to drain swamp land above me, also to drain spring as the drainage was causing swamps and marshes on my land. I own the S¹/₂N¹/₂W¹/₂, also S¹/₂N¹/₂W¹/₂ Sec. 27, Twp. 13S., R. 29E. As my land does not extend to the river this application is for the purpose of insuring legal use to the spring water for stock and possible supplemental, as there is no other water available for my use; On an average of from 20 to 25 head of livestock to be watered at dry times of year, also through fall and winter season when there is not any irrigation. Stock can drink at any place they wish along these drains.

STATE OF OREGON, }
County of Marion, } ss.

This is to certify that I have examined the foregoing application, together with the accompanying maps and data, and return the same for completion

PERMIT

STATE OF OREGON, }
County of Marion, }

This is to certify that I have examined the foregoing application and do hereby grant the same, SUBJECT TO EXISTING RIGHTS and the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial use and shall not exceed 0.13 cubic feet per second measured at the point of diversion from the stream, or its equivalent in case of rotation with other water users, from a spring

The use to which this water is to be applied is stock and supplemental irrigation; being 0.01 c.f.s. for stock and 0.12 c.f.s. for supplemental irrigation

If for irrigation, this appropriation shall be limited to 1/40th of one cubic foot per second or its equivalent for each acre irrigated and shall be further limited to a diversion of not to exceed 5 acre feet per acre for each acre irrigated during the irrigation season of each year; provided further that the right allowed herein shall be limited to any deficiency in the available supply of any prior right existing for the same land and shall not exceed the limitation allowed herein; provided further that the right to use of water is limited to the period when the flow of the John Day River is more than 30 c.f.s. at USGS Gage No. 14-0465 and more than 20 c.f.s. at USGS Gage No. 14-0480,

and shall be subject to such reasonable rotation system as may be ordered by the proper state officer.

The priority date of this permit is April 20, 1962

Actual construction work shall begin on or before October 22, 1963 and shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1964

Complete application of the water to the proposed use shall be made on or before October 1, 1965

WITNESS my hand this 22nd day of October, 1962
