PERMIT

STATE OF OREGON, }
County of Marion, } ss.

This is to certify that I have examined the foregoing application and do hereby grant the same, SUBJECT TO EXISTING RIGHTS and the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial use and shall not exceed 0.50 cubic feet per second measured at the point of diversion from the stream, or its equivalent in case of rotation with other water users, from an unnamed stream and reservoir to be constructed under application No. R-37830, permit No. R-3202

The use to which this water is to be applied is irrigation and recreation (fish culture), being 0.45 c.f.s. for irrigation and 0.05 c.f.s. for recreation (fish culture).

If for irrigation, this appropriation shall be limited to 1/80 of one cubic foot per second or its equivalent for each acre irrigated from direct flow and shall be further limited to a diversion of not to exceed 2 1/2 acre feet per acre for each acre irrigated during the irrigation season of each year from direct flow and storage from reservoir to be constructed under permit No. R-3202 ; provided further that during the period of each year that water is being diverted from the stream flow for irrigation, no additional water shall be appropriated to maintain the reservoir for recreational purposes (fish culture) over that diverted for irrigation,

and shall be subject to such reasonable rotation system as may be ordered by the proper state officer.

The priority date of this permit is November 16, 1962

Actual construction work shall begin on or before April 30, 1964 and shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 19 65.

Complete application of the water to the proposed use shall be made on or before October 1, 19 66

WITNESS my hand this 30th day of April, 19 63.
