PERMIT

STATE OF OREGON, }
County of Marion, } ss.

This is to certify that I have examined the foregoing application and do hereby grant the same, SUBJECT TO EXISTING RIGHTS and the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial use and shall not exceed 1.73 cubic feet per second measured at the point of diversion from the stream, or its equivalent in case of rotation with other water users, from Middle Fork Willamette through Georgia Pacific Mill Race; provided further that the right to use of water is limited to the period when the flow of Middle Fork Willamette River is more than 1025 c.f.s. at its mouth.

The use to which this water is to be applied is irrigation and manufacturing; being 0.43 c.f.s. for irrigation and 1.30 c.f.s. for manufacturing (washing gravel).

This permit is issued subject to maintenance and use of adequate treatment facilities to remove the sediment before returning the water to the stream.

If for irrigation, this appropriation shall be limited to 1/80th of one cubic foot per second or its equivalent for each acre irrigated and shall be further limited to a diversion of not to exceed 2 1/2 acre feet per acre for each acre irrigated during the irrigation season of each year,

and shall be subject to such reasonable rotation system as may be ordered by the proper state officer.

The priority date of this permit is October 16, 1963

Actual construction work shall begin on or before April 1, 1965 and shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1966

Complete application of the water to the proposed use shall be made on or before October 1, 1967
