Remarks:

By C. H. Johnston Agent

This small irrigation system has been in continuous use for the past 18 yrs. it supplies moisture for plants in a small green house and irrigation as needed when they are transplanted outside. The property was purchased by Ray E. Rushford in July 1951 with the irrigation, and sold by him to Wendell E. Barrett, Dec. 12, 1963. As agent for both parties I checked for irrigation rights and found none recorded. The irrigation is needed for the small Nursery business.
