(Signature of applicant)

Remarks: This application is supplemental to existing rights and is intended to commence on or about October 1 each year after use for existing irrigation rights cease. The overflow of the City of La Grande oxidation pond will be diverted from Gekler Slough by installation of a permanent type water control with removable stops at a point in Gekler Slough, just above the south and west right of way line of Highway 203. From this point on existing canal will carry the water to Ladd Creek channel thence to diversion dam #3 of permit No. 27849. From here a canal recently dug will carry the water to the places of use. The planned location of the canal is shown on the attached drawing No. 1257.

STATE OF OREGON, }
