(f) If so, name stream and locate point of return. Sec. (No. N. or S.), Tp. (No. N. or S.), R. (No. E. or W.), W. M.

(g) The use to which power is to be applied is.

(h) The nature of the mines to be served.

MUNICIPAL SUPPLY—

11. To supply the city of.....
.....County, having a present population of....., and an
(Name of)
estimated population of..... in 191....

(Answer questions 12, 13, 14, and 15 in all cases)

- 12. ~~Estimated~~ cost of ~~proposed~~ works, \$ 4,608.77
- 13. Construction work will begin on or before Was begun Mch. 14th, 1912
- 14. Construction work will be completed on or before Was completed June 17th, 1912
- 15. The water ~~will be~~ completely applied to the proposed use on ~~or before~~ June 17th, 1912

Duplicate maps of the proposed ditch or other works, prepared in accordance with the rules of the State Water Board, accompany this application.

James B Hunter

(Name of applicant)

Signed in the presence of us as witnesses:

- (1) W E Mitchell Ashland, Ore. 75 Bush St.
(Name) (Address of witness)
- (2) H S Palmerlee 93 Granite, Ashland, Ore.
(Name) (Address of witness)

Remarks: The ditch & pipe line described in this application is the one constructed under my reservoir permit No. 160. I have used flood water from Ashland Creek through this ditch each season since, and including, 1912, thinking my reservoir permit to appropriate flood waters of Ashland Creek conferred this privilege. One-half second foot of water delivered at my orchard would be sufficient, but to offset seepage loss in the ditch a larger head is necessary where it enters the ditch.

STATE OF OREGON, }
County of Marion } ss.

This is to certify that I have examined the foregoing application, together with the accompanying maps and data, and return the same for correction or completion, as follows:.....

In order to retain its priority, this application must be returned to the State Engineer, with corrections, on or before....., 191....

WITNESS my hand this..... day of....., 191....

State Engineer.

STATE OF OREGON,

County of Marion } ss.

This is to certify that I have examined the foregoing application and do hereby grant the same, subject to the following limitations and conditions: If for irrigation, this appropriation shall be limited to one-eightieth of one cubic foot per second, or its equivalent, for each acre irrigated, and shall be subject to such reasonable rotation system as may be ordered by the proper State officer. The use of the water under this permit shall be limited to water for Irrigation purposes. The use of the water under this permit shall be limited to the waters of Ashland Creek and the water stored in Consummation Reservoir to be constructed under Application No. 1953, Permit No. R 160.

The amount of water appropriated shall be limited to the amount which can be applied to beneficial use and not to exceed 0.38 cubic feet per second, or its equivalent in case of rotation. The priority date of this permit is July 12, 1916

Actual construction work shall begin on or before August 2, 1917 and shall thereafter be prosecuted with reasonable diligence and be completed on or before June 1, 1918

Complete application of the water to the proposed use shall be made on or before October 1, 1919

WITNESS my hand this 2d day of August, 1916

John H Lewis

State Engineer.

Permits for power development are subject to the limitation of franchise as provided in Sec. 6633, Lord's Oregon Laws, and the payment of annual fees as provided in Chapter 213, Laws of 1915.
