30383

Canal System or Pipe Line—

7. (a) Give dimensions at each point of canal where materially changed in size, stating miles from headgate. At headgate: width on top (at water line) _____ feet; width on bottom _____

..... feet; depth of water feet; grade feet fall per one thousand feet.

(b) At miles from headgate; width on top (at water line)

feet; width on bottom _____ feet; depth of water _____ feet;

grade feet fall per one thousand feet.

(c) Length of pipe, ft.; size at intake, in.; size at in.

from intake in.; size at place of use in.; difference in elevation between

intake and place of use, ft. Is grade uniform? Estimated capacity,

..... sec. ft.

8. Location of area to be irrigated, or place of use

- [Home](#)

(If more space required, attach separate sheet)

(a) Character of soil _____

(b) Kind of crops raised grass

Power or Mining Purposes

9. (a) Total amount of power to be developed theoretical horsepower

(b) Quantity of water to be used for power sec. ft.

(c) Total fall to be utilized feet

(d) The nature of the works by means of which the power is to be developed.

(e) Such works to be located in of Sec.
(Legal subdivision)

Tp., R., W. M.
(No. N. or S.) (No. E. or W.)

(f) Is water to be returned to any stream? _____
(Yes or No)

(g) If so, name stream and locate point of return _____

....., Sec., Tp., R., W.M.

(h) The use to which power is to be applied is

Municipal or Domestic Supply—

10. (a) To supply the city of 30383

(Name of) County, having a present population of

and an estimated population of in 19.....

(b) If for domestic use state number of families to be supplied

(Answer questions 11, 12, 13, and 14 in all cases)

11. Estimated cost of proposed works, \$ 1,500.00

12. Construction work will begin on or before May 1, 1965 x

13. Construction work will be completed on or before May 1, 1967 x

14. The water will be completely applied to the proposed use on or before May 1, 1967 x

Charles A. Lofther
Signature of applicant

Remarks: After the springs are diverted off the acreage, I intend
to plant grass.

STATE OF OREGON, {
County of Marion, ss.

This is to certify that I have examined the foregoing application, together with the accompanying maps and data, and return the same for

In order to retain its priority, this application must be returned to the State Engineer, with corrections on or before, 19.....

WITNESS my hand this day of, 19.....

STATE ENGINEER

By ASSISTANT

PERMIT

STATE OF OREGON,

County of Marion,

{ ss.

This is to certify that I have examined the foregoing application and do hereby grant the same,
SUBJECT TO EXISTING RIGHTS and the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial use
and shall not exceed 0.24 cubic feet per second measured at the point of diversion from the
stream, or its equivalent in case of rotation with other water users, from springs

The use to which this water is to be applied is irrigation and supplemental irrigation

If for irrigation, this appropriation shall be limited to 1/50th of one cubic foot per
second or its equivalent for each acre irrigated and shall be further limited to a diversion of
not to exceed 3½ acre feet per acre for each acre irrigated during the irrigation
season of each year, provided further that the right allowed herein shall be
limited to any deficiency in the available supply of any prior right existing for
the same land and shall not exceed the limitation allowed herein.

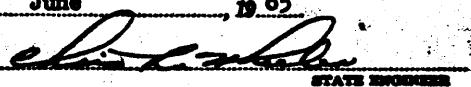

and shall be subject to such reasonable rotation system as may be ordered by the proper state officer.

The priority date of this permit is April 15, 1965

Actual construction work shall begin on or before June 25, 1966 and shall
thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1967.

Complete application of the water to the proposed use shall be made on or before October 1, 1968.

WITNESS my hand this 25th day of June, 1965
