(Yes or No)

(f) If so, name stream and locate point of return.....

.....Sec., Tp., R., W. M.
(No. N. or S.) (No. E. or W.)

(g) The use to which the power is to be applied is.....

(h) The nature of the mines to be served.....

Municipal Supply—

11. To supply the city of.....
.....County, having a present population of.....and an estimated
(Name of)
population of.....in 19.....

12. Estimated cost of proposed works, \$ The ditch is completed.

13. Construction work will begin on or before.....

14. Construction work will be completed on or before.....

15. The water will be completely applied to the proposed use on or before.....
June 1st, 1911

Duplicate maps of the proposed ditch or other works, prepared in accordance with the rules of the Board of Control, accompany this application.

R. E. Tucker.
(Name of Applicant)

Signed in the presence of us as witnesses:

(1) E. J. Mills..... Brownsboro, Oregon.
(Name) (Address of Witness)

(2) Mrs. O. R. Bell..... Brownsboro, Oregon.
(Name) (Address of Witness)

Remarks: No application was made for water for this land at the time of the adjudication of Little Butte Creek as the former owner, E. V. Osborne, was not served with any notice at that time. I have since purchased the land and wish to secure a water right for it, about 2 acres of the 15 that's been irrigated for 5 years past and my present ditch built in 1904 covers all but 1½ acres of the land.

STATE OF OREGON, }
County of Marion } SS.

This is to certify that I have examined the foregoing application, together with the accompanying maps and data, and return the same for correction or completion, as follows:

In order to retain its priority, this application must be returned to the State Engineer, with corrections, on or before....., 19.....

WITNESS my hand this.....day of....., 19.....

State Engineer.

5.25

State Engineer

STATE OF OREGON,

County of Marion

} SS.

This is to certify that I have examined the foregoing application and do hereby grant the same, subject to the following limitations and conditions:

The appropriation for irrigation purposes shall be limited to one-eightieth of one cu. ft. per sec. for each acre irrigated.

The amount of water appropriated shall be limited to the amount which can be applied to beneficial use and not to exceed two-tenths (2/10) cubic feet per second.

Actual construction work shall begin on or before June 14, 1911

and shall thereafter be prosecuted with reasonable diligence and be completed on or before

June 14, 1912

Complete application of the water to the proposed use shall be made on or before

June 14, 1913

WITNESS my hand this 14th day of June, 1910

John H. Lewis

State Engineer.
