By W. H. Steiwer, Sr

Remarks: \* 2. A "Certificate of Water Right" which is duly recorded in your office covers the use of Butte Creek water for irrigation on 56.8 acres of land.

The water flow in Butte Creek falls off rapidly as the irrigation season progresses and this application is for the right to supplement this shortage of water on the 56.8 acres of land with water from the John Day River. I also desire this application to cover the right to use water from the John Day River during the full irrigation season on 5 additional acres of land. All irrigation water taken from the John Day River will be applied to the land through a portable Sprinkler System. The location and extent (61.8 acres) of land to be irrigated from the John Day River is delineated on the attached map.
