Remarks: It was assumed there was a water right on this property since we have stock in West Side Ditch Company. Irrigation water from the West Side Ditch has been used on this land since 1948 when we acquired it. Stock in the ditch was originally issued former owners on May 1921 and to Elzie Makin May 26, 1961. The books are on file with the ditch secretary showing water assessment paid and water used on this land since 1921.
