Ву ...

This is to certify that I have examined the foregoing application and do hereby grant the same, SUBJECT TO EXISTING RIGHTS and the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial use and shall not exceed0.29 cubic feet per second measured at the point of diversion from the stream, or its equivalent in case of rotation with other water users, from a spring and reservoir to be constructed under application No. R-42910, permit No. R-4991 The use to which this water is to be applied is irrigation second or its equivalent for each acre irrigated from direct flow and shall be further limited to a diversion of not to exceed 2 acre feet per acre for each acre irrigated during the irrigation season of each year from direct flow and storage from reservoir to be constructed under permit No. R-4991 and shall be subject to such reasonable rotation system as may be ordered by the proper state officer. The priority date of this permit is September 7, 1967 Actual construction work shall begin on or before December 22, 1968 and shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1969.... Complete application of the water to the proposed use shall be made on or before October 1, 19.70... WITNESS my hand this22nd day of STATE ENGINEER
