Remarks: This water works will be of the same description as the one Marion Daily has, as we use out of the same storage tanks, same size pipes, only we are approximately 500' closer to the storage tanks.

As we have just purchased this property we feel that it would be proper to have 2nd Water rights. We plan no changes in this water system, other than repairs when needed

If you feel that this form should be more complete, please notify, and I will try to answer to the best of my ability

Thank you
