(Answer questions 11, 12, 13, and 14 in all cases)

- 11. Estimated cost of proposed works, \$4,000.00.....
- 12. Construction work will begin on or before March 1, 1967.....
- 13. Construction work will be completed on or before September 30, 1967.....
- 14. The water will be completely applied to the proposed use on or before September 30, 1969.....

CASCADE RANCHES, INC.

(Signature of applicant)

[Handwritten Signature]

Remarks: The consideration in this application is that when unappropriated water is not available from North Fork Little Butte Creek, the water withdrawn from that creek will be replaced in like amount by unused water from Lake Creek Reservoir, Osborne Creek Reservoir, and the enlargement of the Bradshaw Reservoir. The applicant agrees to install and maintain approved measuring and/or recording devices to determine the quantity of water returned to Little Butte Creek and the quantity of water used on the lands listed in Item 8.

STATE OF OREGON, }
County of Marion, } ss.

This is to certify that I have examined the foregoing application, together with the accompanying maps and data, and return the same for Completion.....

In order to retain its priority, this application must be returned to the State Engineer, with corrections on or before June 21st, 1967.

WITNESS my hand this 21st day of April, 1967.

ASSISTANT

PERMIT

STATE OF OREGON, }
County of Marion, } ss.

This is to certify that I have examined the foregoing application and do hereby grant the same, SUBJECT TO EXISTING RIGHTS and the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial use and shall not exceed 1.54 cubic feet per second measured at the point of diversion from the stream, or its equivalent in case of rotation with other water users, from North Fork Little Butte Creek when available and any deficiency in the available supply of water from North Fork Little Butte Creek to be obtained on an equal exchange basis by release of water from Lake Creek Reservoir, Osborne Creek Reservoir and enlargement of Bradshaw Reservoir constructed under permits No. R-3232, R-3424, and R-4747

The use to which this water is to be applied is irrigation

Actual use of water under this permit will be from North Fork Little Butte Creek with an equal amount (as determined by the watermaster) of exchange water released from the reservoirs to Little Butte Creek for use by the parties entitled to the water diverted for irrigation of lands described herein.

If for irrigation, this appropriation shall be limited to 1/80th of one cubic foot per second or its equivalent for each acre irrigated and shall be further limited to a diversion of not to exceed 4 1/2 acre feet per acre for each acre irrigated during the irrigation season of each year.

and shall be subject to such reasonable rotation system as may be ordered by the proper state officer.

The priority date of this permit is January 19, 1967

Actual construction work shall begin on or before June 7, 1969 and shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1970.

Complete application of the water to the proposed use shall be made on or before October 1, 1971.

WITNESS my hand this 7th day of June, 1968

Chris Wheeler
