STATE OF OREGON,	1
County of Marion.	88.

This is to certify that I have examined the foregoing application and do hereby grant the same, SUBJECT TO EXISTING RIGHTS and the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial use
and shall not exceed2.66 cubic feet per second measured at the point of diversion from the
stream, or its equivalent in case of rotation with other water users, from .John Day River and spring
The use to which this water is to be applied is _irrigation_and_supplemental_irrigation
being 2.66 cfs from John Day River for irrigation and supplemental irrigation and
0.10.cfs from spring for irrigation
If for irrigation, this appropriation shall be limited to
second or its equivalent for each acre irrigated and shall be further limited to a diversion of
not to exceed 5 acre feet per acre for each acre irrigated during the irrigation
season of each year provided further that the right allowed herein shall be limited.
to any deficiency in the available supply of any prior right existing for the same
land and shall not exceed the limitation allowed herein
<u></u>
•
•
and shall be subject to such reasonable rotation system as may be ordered by the proper state officer. January 16, 1968 for John Day River
The priority date of this permit is September 3, 1968. for spring
Actual construction work shall begin on or beforeOctober 23, 1969 and shall
thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 19.70
Complete application of the water to the proposed use shall be made on or before October 1, 1971
WITNESS my hand this23rdday ofOctober, 19.68.
