Remarks: We are a small rural community of fourteen families located

along Cow Creek about one or two miles south of Riddle, Oregon. We are
forming a legal but local municipal water district, for the purpose of
obtaining river water to be used soaly for household and domestic consumption.

We have plans to construct a well house and well on private property
(see enclosed plat). Our attorney is Mr. J.G. Richmond of 435 S.E. Kane,
Roseburg. Our civil engineer is Donald Martin of Myrtle Creek, Oregon.

The well and well house is to be located near the river (Cow Creek)
--see plat -- and a 2" plastic pipe line will feed a 5000 gallon tank
for storage and chlorination. From this tank a gravity pipe line supply
system will feed the houses of the community. Stand pipes will be
located in key positions for emergency fire protection purposes.

We will follow the State Sanitary Code on all issues of health precaution

The legal papers have as yet not been fully processed for us to
claim we are a Municipal Water Dist. We hope to become incorporated
STATE OF OREGON, } ss. shortly.
