Remarks: I, Frank C. Egans, recently purchased a house and one and 1/2 acres of land on Sand Lake Road. Included in the contract of purchase was sold the sellers right, title and interest in and to existing water rights jointly owned by seller, Ray & Lora Adams, Ray Streeter & Dell Phelps. It was understood at the time of sale that a deeded water right was in existence. When the contract was paid up in March of this year, 1968, I requested that the water right be included in the deed. Upon deed search it was discovered that the water right of Albert Krake was for three houses on the east side of Sand Lake Road but did not include the house I had purchased on the west side of Sand Lake Road. Water had been supplied to this house for at least 15 years according to the best knowledge available, but never under a legal water right. It is to rectify this oversight that I now make the enclosed application.
