13. Construction work will be completed on or before complete

14. The water will be completely applied to the proposed use on or before 1970 or 1971

Hugh O. Watkins
(Signature of applicant)

Remarks: I also claim vested interest rights for water used on all the lands described in this application. This application is not meant in any manner to relinquish my claim to vested interest rights.

My father first irrigated the lands described in this application, as well as additional adjoining lands, by gravity ditches and flooding in 1908 and continued irrigating these lands since 1908 until I assumed operation of the farm. Since then I have irrigated the lands described in this application each year to present date except for two years.

STATE OF OREGON, }
County of Marion, } ss.

This is to certify that I have examined the foregoing application, together with the accompanying maps and data, and return the same for

In order to retain its priority, this application must be returned to the State Engineer, with corrections on or before, 19.....

WITNESS my hand this day of, 19.....

STATE ENGINEER

By ASSISTANT

PERMIT

STATE OF OREGON, }
County of Marion, } ss.

This is to certify that I have examined the foregoing application and do hereby grant the same, SUBJECT TO EXISTING RIGHTS and the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial use and shall not exceed 0.06 cubic feet per second measured at the point of diversion from the stream, or its equivalent in case of rotation with other water users, from Watkins Creek

The use to which this water is to be applied is irrigation

If for irrigation, this appropriation shall be limited to 1/80 of one cubic foot per second or its equivalent for each acre irrigated and shall be further limited to a diversion of not to exceed 2 1/2 acre feet per acre for each acre irrigated during the irrigation season of each year,

and shall be subject to such reasonable rotation system as may be ordered by the proper state officer.

The priority date of this permit is November 7, 1969

Actual construction work shall begin on or before July 13, 1971 and shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1972...

Complete application of the water to the proposed use shall be made on or before October 1, 1973..

WITNESS my hand this 13th day of July, 1970.

Chris L. Wheeler
