 (Timber, concrete, etc., number and size of openings)

\*A different form of application is provided where storage works are contemplated. These forms can be secured without charge together with instructions, by addressing the State Engineer, Salem, Oregon.

CANAL SYSTEM—

8. (a) Give dimensions at each point of canal where materially changed in size, stating miles from headgate. At headgate: Width on top (at water line).....feet; width on bottom.....feet; depth of water.....feet; grade.....feet fall per one thousand feet.

(b) At.....miles from headgate. Width on top (at water line).....feet; width on bottom.....feet; depth of water.....feet; grade.....feet fall per one thousand feet.

FILL IN THE FOLLOWING INFORMATION WHERE THE WATER IS USED FOR:

IRRIGATION—

9. The land to be irrigated has a total area of 40 acres.....acres, located in each smallest legal subdivision, as follows:

(Give area of land in each smallest legal subdivision which you intend to irrigate) 5 acres to be irrigated this year and at least 30 acres this coming year, the land is more or less gravel what I intend to irrigate. The water dries away fast and goes right back in the Creek. I can almost turn back as much in the creek, as I will be getting, as there are two live springs at the lower end of the place. I have 20 acres to be irrigated in the H G A Steger 40 acre SW SE Sec. 17 and 20 acres in the O and C 40 SE SE Sec. 17, but if I don't get it, I will pump balance on 20 acre bench land, All in T 35 S R 6 W.

(If more space required, attach separate sheet)

POWER, MINING, MANUFACTURING, OR TRANSPORTATION PURPOSES—

10. (a) Total amount of power to be developed.....theoretical horsepower.

(b) Total fall to be utilized.....feet. (Head)

(c) The nature of the works by means of which the power is to be developed.....

(d) Such works to be located in.....of Sec..... (Legal subdivision)

Tp....., R....., W. M. (No. N. or S.) (No. E. or W.)

(e) Is water to be returned to any stream?..... (Yes or No)

(f) If so, name stream and locate point of return.....

....., Sec....., Tp....., R....., W. M. (No. N. or S.) (No. E. or W.)

(g) The use to which power is to be applied is.....

(h) The nature of the mines to be served.....

MUNICIPAL SUPPLY—

11. To supply the city of.....  
..... County, having a present population of....., and an  
(Name of) estimated population of..... in 191....

(Answer questions 12, 13, 14, and 15 in all cases)

- 12. Estimated cost of proposed works, \$ 75.00
- 13. Construction work will begin on or before Just as quick as permit is issued
- 14. Construction work will be completed on or before 10 days thereafter
- 15. The water will be completely applied to the proposed use on or before.....  
3 days after completion.

Duplicate maps of the proposed ditch or other works, prepared in accordance with the rules of the State Water Board, accompany this application.

Henry G A Steger  
(Name of applicant)  
Merlin, Oregon

Signed in the presence of us as witnesses:

- (1) P W Lemmer, Merlin, Oregon  
(Name) (Address of Witness)
- (2) Geo. A Guild, Merlin, Oregon  
(Name) (Address of Witness)

Remarks: The water will cross on 40 acres O and C tract, and will run through a 19 acre tract belonging to S Abell, but will file on mentioned O and C 40-acre as soon as opened. The headgate will be 50 feet east from S.P. Railroad Bridge, In time to come, I may pump said water on my bench land on the original 40 acres.

STATE OF OREGON, }

John H Lewis State Engineer.

1 map RS \$9.00

STATE OF OREGON, County of Marion, ss.

This is to certify that I have examined the foregoing application and do hereby grant the same, subject to the following limitations and conditions: If for irrigation, this appropriation shall be limited to one-eighth of one cubic foot per second, or its equivalent, for each acre irrigated, and shall be subject to such reasonable rotation system as may be ordered by the proper State officer.

The use of the water under this permit shall be limited to water for irrigation purposes.

The amount of water appropriated shall be limited to the amount which can be applied to beneficial use and not to exceed 0.5 cubic feet per second, or its equivalent in case of rotation. The priority date of this permit is July 31, 1917

Actual construction work shall begin on or before September 12, 1918 and shall thereafter be prosecuted with reasonable diligence and be completed on or before June 1, 1919 EXTENDED TO 6/21

Complete application of the water to the proposed use shall be made on or before October 1, 1920 EXTENDED TO 10/21

WITNESS my hand this 12th day of September, 1917

John H Lewis

State Engineer.

Permits for power development are subject to the limitation of franchise as provided in Section 6633, Lord's Oregon Laws, and the payment of annual fees as provided in Chapter 213, Session Laws of 1915.
