Gordon Zehring (Signature of applicant)

Remarks: I have two lots in Mar Lago Estates. We have a trailer house on one of the lots for weekend use. Water is pumped to the trailer and when we build we will want to use lake water for the house. I have a 1/3 HP Fairbanks-Morse pump in the lake at 27' deep. It pumps to a pressure tank near the trailer. It is already installed, but I want official permission to use lake water in case that is some time in the future it will be required. It is my plan to build a house where the trailer is located and connect the existing water supply to the house. The other lot may be for sale at some future time and I want to have the water rights secured now before someone decides not to issue any more rights.
