(a) Character of soil

(b) Kind of crops raised

Power or Mining Purposes—

9. (a) Total amount of power to be developed theoretical horsepower.

(b) Quantity of water to be used for power sec. ft.

(c) Total fall to be utilized feet.
(Head)

(d) The nature of the works by means of which the power is to be developed

(e) Such works to be located in of Sec.
(Legal subdivision)

Tp., R., W. M.
(No. N. or S.) (No. E. or W.)

(f) Is water to be returned to any stream?
(Yes or No)

(g) If so, name stream and locate point of return

....., Sec., Tp., R., W. M.
(No. N. or S.) (No. E. or W.)

(h) The use to which power is to be applied is

(i) The nature of the mines to be served

- #1 - 20 People
- #2 - 20 People
- #4 - 21 People
- #5 - 15 People
- #6 - 200 People
- #7 - 1 Family

10. (a) To supply the city of

(Name of) County, having a present population of

and an estimated population of in 19.....

(b) If for domestic use state number of families to be supplied

(Answer questions 11, 12, 13, and 14 in all cases)

11. Estimated cost of proposed works, \$.....

12. Construction work will begin on or before In Use

13. Construction work will be completed on or before

14. The water will be completely applied to the proposed use on or before In Use

Willamette Council of Camp Fire Girls Inc.
M. M. Lewis's agent.
(Signature of applicant)

Remarks: Hinta Spring is used during the year for group camping and during the camping season for over night by units for their drinking & cooking purposes. This might be considered recreation but it could also be domestic.

Scatter Spring is being used to add water to Lake Kelogua - a pump was installed several years ago to pump water through hoses into the Lake for swimming purposes - Only a portion is being used and both over flows ultimately flow into Teal Creek.

STATE OF OREGON, }
County of Marion, } ss.

This is to certify that I have examined the foregoing application, together with the accompanying maps and data, and return the same for corrections and completion

In order to retain its priority, this application must be returned to the State Engineer, with corrections on or before July 20th, 1970.

WITNESS my hand this 19th day of May, 1970.

PERMIT

STATE OF OREGON, }
County of Marion, } ss.

This is to certify that I have examined the foregoing application and do hereby grant the same, SUBJECT TO EXISTING RIGHTS and the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial use and shall not exceed 0.145 cubic feet per second measured at the point of diversion from the stream, or its equivalent in case of rotation with other water users, from six springs, being 0.01 cfs from each of the springs Nos. 1, 2, 4, and 5 and 0.1 cfs from spring No. 6 for camp use and 0.005 cfs from spring No. 7 for domestic use

The use to which this water is to be applied is for use in camp and for the domestic use of one family

If for irrigation, this appropriation shall be limited to of one cubic foot per second or its equivalent for each acre irrigated

and shall be subject to such reasonable rotation system as may be ordered by the proper state officer.

The priority date of this permit is April 23, 1970

Actual construction work shall begin on or before April 26, 1972 and shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1972

Complete application of the water to the proposed use shall be made on or before October 1, 1973

WITNESS my hand this 26th day of April, 1971
