*APPLICATION FOR PERMIT

To Appropriate the Public Waters of the State of Oregon

I, Lonella E. Kerber (Name of applicant)
of RT2 Bx94 Monmouth; (Mailing address)
State of Creif or make application for a permit to appropriate the
following described public waters of the State of Oregon, SUBJECT TO EXISTING RIGHTS:
If the applicant is a corporation, give date and place of incorporation
1. The source of the proposed appropriation is Rithet Ctrek (Name of stream) , a tributary of Luckia hade Rivet
2. The amount of water which the applicant intends to apply to beneficial use is 0,735 cubic feet per second. Div 14 42 - 0.388 155 - Div 17 # 3 0,346 155
(If water is to be used from more than one source, give quantity from each)
**3. The use to which the water is to be applied is (Irrigation, power, mining, manufacturing, domestic supplies, etc.)
4. The point of diversion is located 320 ft. W and 6 ft. N from the SCC (N. or s.) corner of Comman to Sccs 56 3132 7 7 105 B616 Tras 6 95 pursection or subdivision)
div. Pt. #4 15 located 450 ft E. and 770 ft 5 from the 31/32 L.K. T. 95 R 6 W within N. N. Y. N. W. Sec. 5 5 T. 105 R 6 W within N. N. Y. N. W. Sec. 5
(If there is more than one point of diversion, each must be described. Use separate sheet if necessary) 3/- 95 being within the #2 5k/kk SR 5 #3 5 = /5 = SR 3/ of Sec. , Tp. 5 - 105 (Give smallest legal subdivision) (N. or 8.)
R. 6 VV , W. M., in the county of Pelk
5. The to be (Miles or feet)
in length, terminating in the of Sec, Tp, (Smallest legal subdivision) (N. or S.)
(Smallest legal subdivision) (N. or S.) R, W. M., the proposed location being shown throughout on the accompanying map. (E. or W.)
DESCRIPTION OF WORKS Diversion Works—
6. (a) Height of dam feet, length on top feet, length at bottom
feet; material to be used and character of construction
rock and brush, timber crib, etc., wasteway over or around dam)
(b) Description of headgate(Timber, concrete, etc., number and size of openings)
(c) If water is to be pumped give general description & /= Cft how the determinant
(Size and type of engine or motor to be used, total head water is to be lifted, etc.)

^{*}A different form of application is provided where storage works are contemplated.

^{**}Application for permits to appropriate water for the generation of electricity, with the exception of municipalities, must be made to the Hydroelectric Commission. Either of the above forms may be secured, without cost, together with instructions by addressing the State Engineer, Salem, Oregon.

Canal S	System	or Pip	e Line—
---------	--------	--------	---------

(b) At miles from headgate: width on top (at water line) feet; width on bottom feet; depth of water feet fall per one thousand feet.
