Remarks: .....

The pipe line mentioned in this application for water rights is now  
in location and has been for several years. We have just purchased  
the property described above. Sometime in early 1950 Mr. Ray  
Spence owned the land and, we understand, lived there. He laid the  
pipe and used the water. Earl and Sylva Greene purchased the land  
from Mr. Spence. They tore down all buildings on the lot and the  
lot now is bare ground. The pipe line, however, is still in place  
and the water does flow to the site. The Greenes had the property  
for about 7 years but did not use the water.
