Mrs. W. J. Dillon

Remarks: We are not certain as to what dates should be on Lines 12-13- and 14, however, we did want to give ourselves ample time to complete this project. In the meantime, we were able to get help and have started the construction work as of June 20, 1971. We expect to have the construction work completed on June 28, 1971. The water will be applied to the proposed use on June 28, 1971. If above dates need to be changed, please do so. We want to get the final approval on this while we are here, and we don't want the prolonged dates on the application to hinder a quick validation of this Water Permit.
