PERMIT

STATE OF OREGON, }
County of Marion, } ss.

This is to certify that I have examined the foregoing application and do hereby grant the same, SUBJECT TO EXISTING RIGHTS and the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial use and shall not exceed 0.02 cubic feet per second measured at the point of diversion from the stream, or its equivalent in case of rotation with other water users, from Schindler Spring and unnamed spring.

The use to which this water is to be applied is stock and domestic use for one family being 0.01 cfs from Schindler Spring for domestic and 0.005 cfs from unnamed spring and 0.005 cfs from Schindler Spring for stock use.

If for irrigation, this appropriation shall be limited to of one cubic foot per second or its equivalent for each acre irrigated

and shall be subject to such reasonable rotation system as may be ordered by the proper state officer.

The priority date of this permit is August 3, 1970

Actual construction work shall begin on or before November 23, 1972 and shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1973.

Complete application of the water to the proposed use shall be made on or before October 1, 1974 Extended to Oct. 1, 1976

WITNESS my hand this 23rd day of November, 1971 Extended to Oct. 1, 1976

Remarks: The spring has been used for purposes herein applied for many years but the entire works need replacement. The practice has been to haul the water from the spring to the homesite location because the distance is about one mile and the spring is below the house by about 400 ft. in elevation. The spring is the only water on the Schindler tract of 963 acres purchased by the Game Commission and therefore is of great importance to the tract for both stock water and domestic use. The location of the spring as shown is reasonably close but will be corrected by survey and the data obtained will be furnished.
