Remarks: The creek was measured by me at 3 tests, and even with proper conservation of the water, cleaning brush etc., it will just about irrigate the 10 acres applied for. The dam is on the applicant's land and will feed direct to garden and low parts of the land as designated on the plat, flood water will in no way endanger or flow the county road. The dam being built merely to raise the water flow from the creek bed on to the land by means of furrow ditches, etc.
