STATE OF OREGON, }
County of Marion, } ss.

This is to certify that I have examined the foregoing application and do hereby grant the same, sub-
ject to the following limitations and conditions: If for irrigation, this appropriation shall be limited to
one-eighth of one cubic foot per second, or its equivalent, for each acre irrigated, and shall be subject

to such reasonable rotation system as may be ordered by the proper State officer.

The right to the use of water herein granted is limited to irrigation and running water
wheel. The right acquired by this appropriation for running water wheel shall be, is
deemed to be and is hereby expressly made subsequent in right and time to any appropri-
ations of water which may hereafter be made at points above on the Deschutes River and
its tributaries for irrigation or storage purposes in accordance with the stipulation
endorsed hereon.

The amount of water appropriated shall be limited to the amount which can be applied to beneficial
use and not to exceed 20.1 cubic feet per second, or its equivalent in case of
rotation. The priority date of this permit is December 31, 1917.

Actual construction work shall begin on or before January 25, 1919 and shall
thereafter be prosecuted with reasonable diligence and be completed on or before
June 1, 1920

Complete application of the water to the proposed use shall be made on or before
October 1, 1921

WITNESS my hand this 25th day of January, 1918

John H Lewis
State Engineer.

Permits for power development are subject to the limitation of franchise as provided in Section 6633, Lord's Oregon Laws, and the
payment of annual fees as provided in Chapter 213, Session Laws of 1915.
This form approved by the State Water Board, March 11, 1909.
