(Answer questions 11, 12, 13, and 14 in all cases)

- 11. Estimated cost of proposed works, \$..... already completed hse #1; to extend to hse #2 at Est. cost of \$125.00; Extend to hse site #3 est. cost of \$200.00.
- 12. Construction work will begin on or before Already completed for hse #1; planned for 1973 for hse #2; planned for hse #3 in 1974.
- 13. Construction work will be completed on or before Already completed for hse #1; fall of 1973 for hse #2; fall of 1974 for hse #3.
- 14. The water will be completely applied to the proposed use on or before Has been in use for over 15 years. for hse #1 and for all hses by fall of 1974.

Lawrence L. Chapman

(Signature of applicant)

Remarks: Application to apply to area now being served by this source and has been for over 15 years. House being served is located on North Tract as designated by enclosed map of two tracts involved. Source is located on the South Tract as designated on map enclosed. North Tract is sold to another party under contract with a provision in contract to provide a source of water for domestic use. Applicant desires to maintain water rights procession to source of water and for additional use on proposed domestic use on South Tract as designated on map enclosed. This spring has been a means of domestic water to building on North Tract, and at times others in the area, for over 15 years. This spring is one of a number of springs located within the natural drainage on South Tract property.

STATE OF OREGON, }
 County of Marion, } ss.

This is to certify that I have examined the foregoing application, together with the accompanying maps and data, and return the same for correction and completion

In order to retain its priority, this application must be returned to the State Engineer, with corrections on or before November 20, 1972.

WITNESS my hand this 21st day of September, 1972.

CHRIS L. WHEELER
 STATE ENGINEER

 STATE ENGINEER
 SALEM, OREGON

PERMIT

STATE OF OREGON, }
County of Marion, } ss.

This is to certify that I have examined the foregoing application and do hereby grant the same, SUBJECT TO EXISTING RIGHTS and the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial use and shall not exceed 0.01 cubic feet per second measured at the point of diversion from the stream, or its equivalent in case of rotation with other water users, from an unnamed spring

The use to which this water is to be applied is domestic use for 3 families

If for irrigation, this appropriation shall be limited to of one cubic foot per second or its equivalent for each acre irrigated

and shall be subject to such reasonable rotation system as may be ordered by the proper state officer.

The priority date of this permit is August 7, 1972

Actual construction work shall begin on or before August 27, 1974 and shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1975

Complete application of the water to the proposed use shall be made on or before October 1, 1976

WITNESS my hand this 27th day of August, 1973
