Remarks: (1) settling pond measuring approximately 50 feet in length, 20 feet wide, and 3 feet in depth.

My claim is a Lode mine made up of a compound of quartz and porphyry running in a east-west direction through the old Caledonia Placer. Both sides of my claim were worked extensively at one time.

I filed for a water right in December of last year which was returned for correction. I believe I mailed a \$10.00 recording fee which you stated was put into a holding fund or to be refunded.

Enclosed is \$10.00 if I am mistaken.
