Remarks: This appropriation is a supplemental supply to cover lands that cannot be covered by other appropriations. This waste water goes into Panther Gulch, but the reason for putting in the syphon and picking it up before going into the gulch is that the Gulch is too deep to get the water out without pumping.

STATE OF OREGON,  
County of Marion, } ss.

This is to certify that I have examined the foregoing application and do hereby grant the same, sub-  
ject to the following limitations and conditions: If for irrigation, this appropriation shall be limited to  
one-eightieth of one cubic foot per second, ~~including water heretofore appropriated~~ or its equivalent for each acre irrigated, and shall be subject  
to such reasonable rotation system as may be ordered by the proper State officer.

The right to the use of water herein granted is limited to a supplemental  
supply for the irrigation of lands already having a partial water right, and is also  
limited to the water available at the proposed point of diversion and does not carry  
with it the right to divert water from the stream from which the wastewater is diverted  
nor the right to require the wasteful use of water by others.

The amount of water appropriated shall be limited to the amount which can be applied to beneficial  
use and not to exceed 0.08 cubic feet per second, or its equivalent in case of  
rotation. The priority date of this permit is August 19, 1918

Actual construction work shall begin on or before September 13, 1919 and shall  
thereafter be prosecuted with reasonable diligence and be completed on or before  
June 1, 1920

Complete application of the water to the proposed use shall be made on or before  
October 1, 1921

WITNESS my hand this 13th day of September, 1918

John H Lewis  
State Engineer.

Permits for power development are subject to the limitation of franchise as provided in Section 6633, Lord's Oregon Laws, and the  
payment of annual fees as provided in Chapter 213, Session Laws of 1915.
