(Answer questions 11, 12, 13, and 14 in all cases)

11. Estimated cost of proposed works, \$ None - already completed

12. Construction work will begin on or before already completed

13. Construction work will be completed on or before already completed

14. The water will be completely applied to the proposed use on or before in use now

Stephen Clarence Loveall
(Signature of applicant)

Remarks: 1000 gallon concrete reservoir 10 feet below spring piped to pump and from there to house and garden.

Since filling out this application, logging crew on Mr. Storey's land, has broken our concrete reservoir and covered the spring. The water is still coming through the dirt and we still want to get the water rights on this spring.

STATE OF OREGON, }
County of Marion, } ss.

This is to certify that I have examined the foregoing application, together with the accompanying maps and data, and return the same for completion

In order to retain its priority, this application must be returned to the State Engineer, with corrections on or before October 29, 1974, January 13, 1975

WITNESS my hand this 28th day of August, 1974, 12th November 74

PERMIT

STATE OF OREGON, }
County of Marion, } ss.

This is to certify that I have examined the foregoing application and do hereby grant the same, SUBJECT TO EXISTING RIGHTS and the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial use and shall not exceed 0.01 cubic feet per second measured at the point of diversion from the stream, or its equivalent in case of rotation with other water users, from an unnamed spring

The use to which this water is to be applied is domestic use for one family, including the irrigation of lawn and garden not to exceed 1/2 acre in area

If for irrigation, this appropriation shall be limited to of one cubic foot per second or its equivalent for each acre irrigated

and shall be subject to such reasonable rotation system as may be ordered by the proper state officer.

The priority date of this permit is July 12, 1974

Actual construction work shall begin on or before January 28, 1977 and shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1977.

Complete application of the water to the proposed use shall be made on or before October 1, 1978.

WITNESS my hand this 28th day of January 1976.
